UNIVERSITY OF MICHIGAN

Spring Commencement

Honoring the Class of 2018

April 28, 2018 | Michigan Stadium
Honoring the Class of 2018
This program includes a list of the candidates for degrees to be granted upon completion of formal requirements. Candidates for graduate degrees are recommended jointly by the Executive Board of the Horace H. Rackham School of Graduate Studies and the faculty of the school or college awarding the degree. Following the School of Graduate Studies, schools are listed in order of their founding. Candidates within those schools are listed by degree then by specialization, if applicable.

Horace H. Rackham School of Graduate Studies ................................................................. 21
College of Literature, Science, and the Arts ........................................................................ 33
Medical School .................................................................................................................. 54
Law School ....................................................................................................................... 55
School of Dentistry .......................................................................................................... 57
College of Pharmacy ......................................................................................................... 58
College of Engineering ..................................................................................................... 59
A. Alfred Taubman College of Architecture and Urban Planning ........................................ 71
School of Education ......................................................................................................... 72
Stephen M. Ross School of Business .................................................................................. 73
School for Environment and Sustainability ....................................................................... 81
School of Music, Theatre & Dance .................................................................................... 83
School of Nursing ............................................................................................................. 86
School of Public Health .................................................................................................... 87
School of Social Work ...................................................................................................... 91
University of Michigan-Flint ............................................................................................. 92
University of Michigan-Dearborn ..................................................................................... 99
School of Information ...................................................................................................... 108
Penny W. Stamps School of Art & Design ........................................................................ 110
School of Kinesiology ....................................................................................................... 111
Gerald R. Ford School of Public Policy ............................................................................ 113

A preliminary list of August 2018 degree candidates begins on page 117.
This program presents as complete and accurate a record of candidates for degrees as is possible as of the publication date.
ORD E R OF E X E R C I S E S

Honoring the Class of 2018

Class of 2018 Procession

Faculty Procession

*Platform Party Procession

Crown Imperial
Composed by Sir William Walton
The University of Michigan Commencement Band
Courtney Snyder
Associate Director of Bands and Assistant Professor of Music

Welcome

Martin A. Philbert
Provost and Executive Vice President for Academic Affairs

*The National Anthem

The Star Spangled Banner
The University of Michigan Men's Glee Club
Eugene C. Rogers
Associate Director of Choirs and Associate Professor of Conducting

Commissioning of Reserve Officers’ Training Corps

2018 Graduate

Jad Elharake
Senior, College of Literature, Science, and the Arts

Opening Remarks

Andrew D. Martin
Dean, College of Literature, Science, and the Arts

Congratulations on Behalf of the Faculty

2018 Graduate

Robert Ortega
Chair, Senate Advisory Committee on University Affairs

Nadine Jawad
Senior, Gerald R. Ford School of Public Policy

Statement to the Class of 2018

2018 Graduate

Mark S. Schlissel
President

Alexandria Swift
Senior, Stephen M. Ross School of Business

Conferring of Honorary Degrees

Mark S. Schlissel

Jeanne Craig Sinkford
Doctor of Science

Penny W. Stamps
Doctor of Fine Arts

David R. Walt
Doctor of Science

Charles Woodson
Doctor of Laws
2018 Graduate
Sara Lebow
Senior, College of Literature, Science, and the Arts

Commencement Address
Charles Woodson
Entrepreneur and Philanthropist and ESPN Sports Analyst, former U-M and NFL football player, Alumnus

Conferring of Undergraduate Degrees and Recognition of Graduates of the Class of 2018
Mark S. Schlissel

Congratulations
Ellen Agress
Chair of the Board of Directors, Alumni Association

Closing
Martin A. Philbert

*The Victors
Composed by Louis Elbel
The University of Michigan Commencement Band
Audience

*Recession of the Platform Party
Proud Heritage
Composed by William Latham
The University of Michigan Commencement Band

*Those who are able are asked to stand for the portions of the program asterisked (*). At the conclusion of the program, the audience is asked to remain standing until the platform party has left the field.
REGENTS OF THE UNIVERSITY

Michael J. Behm
Mark J. Bernstein

Jeanne Craig Sinkford

Doctor of Science

Jeanne Craig Sinkford, professor and dean emeritus of the Howard University College of Dentistry and senior scholar-in-residence at the American Dental Education Association (ADEA), is one of our nation’s most respected dental educators, academic leaders, and social justice advocates. Dr. Sinkford, the first woman dean of an American dental school, led Howard University’s College of Dentistry from 1975 to 1991. Born and raised in Washington, D.C., she earned two degrees from Howard — a B.S. in psychology and chemistry (1953) and a D.D.S. (1958). She was Phi Beta Kappa as an undergraduate and first in her dental class. She taught prosthodontics and was a clinician before earning a M.S. (1962) and Ph.D. (1963) in physiology at Northwestern University. Dr. Sinkford returned to Howard in 1964 to chair its Department of Prosthodontics and became associate dean in 1967. As dean, she championed expansion of research and community service components in dental education at Howard and nationally.

Among other leadership roles, she chaired the Council of Deans of the American Association of Dental Schools and the Anatomical Review Board of the District of Columbia. A meticulous researcher, she studied the biocompatibility of root-form implants and soft tissue, worked with the U.S. Armed Forces on wound healing and acrylic bandages, and served on the Tuskegee Syphilis Study Ad Hoc Advisory Panel, which led to policies that protect the rights of human subjects participating in government-sponsored health research. She published more than 100 journal articles, training manuals, and reports. From 1991 to 2011, Dr. Sinkford was responsible for diversity programming at ADEA. She created scholar-in-residence programs for women, the Kellogg Access to Dental Careers Program, and secured funds for other academic/community partnerships. She consulted with U-M’s School of Dentistry on ways to increase the numbers of underrepresented and low-income groups at the school. Dr. Sinkford served on numerous committees and advisory councils, including the Council of the National Academies of Science, American Dental Association (ADA) Council on Dental Research, National Advisory Dental and Craniofacial Research Council, the Robert Wood Johnson Foundation Health Policy Fellows Advisory Board, the White House Conference on Aging, and the U.S. Department of Veterans Affairs. She is a fellow of the American and International Colleges of Dentists, the American Association for the Advancement of Science, the Pierre Fauchaud Academy, the International Association for Dental Research, and the New York Academy of Sciences. Honors include the ADA Distinguished Service Award (2015), National Dental Association Trailblazer Award (2007), the Association of American Medical Colleges Herbert W. Nickens Award (2009) for promoting justice in medical education and health care, ADEA’s William J. Gies Award for Outstanding Vision by a Dental Educator (2015), and the National Coalition of 100 Black Women’s Candace Award. Dr. Sinkford received alumni achievement awards from Howard and Northwestern universities and four honorary degrees.

Dr. Sinkford, you have inspired change in dental education and the profession through your pursuit of excellence, innovations, leadership, and commitment to social justice. In addition to serving as a role model for students, faculty, and women, you are renowned for your community service, research contributions, commitment to high quality dental care for all, and for expanding the number of young people from diverse backgrounds pursuing and excelling in careers in dentistry. The University of Michigan is pleased to present to you the honorary degree, Doctor of Science.
Penny W. Stamps

Doctor of Fine Arts

University of Michigan alumna, arts advocate, community leader, and philanthropist Penny Stamps’ support for the arts is fueled by her belief in the critical role artists and designers play in solving complex problems, and the importance of sharing their work and perspectives with the public. Ms. Stamps, who grew up in Chicago, Illinois, and lives in Miami, Florida, earned a B.S. degree in design and a teaching certificate (1966) at U-M. She enjoyed a distinguished career at Herman Miller and Kaplan & Fox, Inc. before heading her own residential design firm in the Boston area for 18 years. More than two decades ago, she and her husband E. Roe Stamps created the Stamps Family Charitable Foundation. It has contributed significantly to the University over the years, beginning in 1999 with funding for the popular Penny W. Stamps Distinguished Speaker Series. She also created the Roman J. Witt Visiting Professor Program in honor of her father, the Stamps Gallery on Central Campus, and Stamps Creative Work Scholarships. In 2006, the Stamps Foundation launched their signature merit scholarship program. Today there are more than 880 current and 700 alumni Stamps Scholars representing 44 institutions throughout the United States. The University of Michigan is proud to have 60 current Stamps Scholars and 141 distinguished Stamps alumni. Her generosity has made possible the Stamps Auditorium on North Campus and the Stamps Student Commons at the Stephen M. Ross Academic Center. In 2012, the Stamps Foundation granted the most generous philanthropic gift ever made to the School of Art & Design. The regents renamed the school the Penny W. Stamps School of Art & Design in recognition of her support for art and design education. An enthusiastic and loyal alumna, Ms. Stamps co-chaired the Michigan Difference National Campaign Leadership Committee and is a deputy chair of the Victors for Michigan Campaign. She has served on the President’s Advisory Group and advisory councils to the deans of the Stamps School and the School of Education. Michigan recognized her in 2005 with the David B. Hermelin Award for Volunteer Leadership. She is invested in her community, serves on numerous boards, and provides pro-bono design services and philanthropic support for animal, cultural, environmental, and health-related organizations. She helped build the Grayvik Animal Care Center at Ocean Reef and has served on the Humane Society of Greater Miami board since 2011. The greater Miami & The Keys Chapter of the American Red Cross recognized her with its Sara Hopkins Woodruff Spectrum Award for Women. She also received the 2013 National Philanthropy Lifetime Achievement Award. In 2015, the Council for Advancement and Support of Education recognized the Stamps Foundation with its James L. Fisher Award for Distinguished Service to Education.

Ms. Stamps, through your contributions as a design professional, community leader and volunteer, and as a philanthropist you have championed the role of art and design in developing creative solutions and enriched the lives of Michigan students and faculty and thousands of others in Ann Arbor and nationally. Your vision, generosity, and commitment to the public good inspire all who seek to make the world a better place. The University of Michigan is delighted to welcome you back to campus and present to you the honorary degree, Doctor of Fine Arts.
Life scientist and University of Michigan alumnus David Walt, professor of pathology at Brigham and Women’s Hospital at Harvard Medical School, has revolutionized genetic and proteomic analysis with his groundbreaking research. He also is the Hansjörg Wyss Professor of Biologically Inspired Engineering at Harvard University’s Wyss Institute and a Howard Hughes Medical Institute Professor. Born in Detroit, Professor Walt moved to Southfield at age six. He earned a B.S. degree in chemistry (1974) from U-M, a Ph.D. in chemical biology (1979) from the State University of New York at Stony Brook, and did postdoctoral studies at the Massachusetts Institute of Technology. He served on the Tufts University faculty from 1981 until joining Harvard in 2017. In 1996, Dr. Walt invented microwell arrays that were three billion times smaller than those previously used to track and screen cells. He subsequently developed random arrays with beads containing different DNA binding sequences. His innovations, now the gold standard for gene sequencing, accelerated the International HapMap Project’s success in identifying human genetic variations. Thousands of researchers worldwide are using the BeadArray platform commercialized by Illumina, a firm he founded, to improve food production, animal breeding, and human health, including determining causes of diabetes and a variety of cancers, among other diseases. Professor Walt also is the scientific founder of Quanterix Corp., which is having a similar impact on protein diagnostics, and co-founder of two other life science startups. He has published more than 300 papers and holds nearly 100 patents. Professor Walt is a member of U-M’s Life Sciences Institute Scientific Advisory Board and Leadership Council and has served on the Department of Chemistry Advisory Board and the College of Literature, Science & Arts Dean’s Advisory Council. He and his wife, Michele May, are members of the Victors for Michigan National Campaign Leadership Board and the New England Campaign Leadership Council. Together, they created the May-Walt Summer Chemistry Scholars Fund to support student research. He was named a Howard Hughes Medical Professor for his initiatives to improve science, technology, engineering, and math education, including programs that encourage undergraduate through postdoctoral researchers to work with and motivate K-12 students to study science. Currently a member of the National Cancer Institute External Alliance Steering Committee, Professor Walt co-chaired the National Academies of Sciences, Engineering, and Medicine Board on Chemical Sciences and Technology and recently co-chaired the National Academies Committee on a Vision for the Future of Center-Based Multidisciplinary Engineering Research. He is a member of the National Academy of Engineering and the National Academy of Medicine and a fellow of the American Academy of Arts and Sciences, the American Institute for Medical and Biological Engineering, and the National Academy of Inventors. He has been recognized with the American Chemical Society Award for Creative Invention and Kathryn C. Hach Award for Entrepreneurial Success, among other honors.

Dr. Walt, through your passion for discovery and success in commercializing new technologies you demonstrate the power of science to advance knowledge and improve the human condition. You inspire students and colleagues with your research, entrepreneurship, and commitment to recruit young people into math and science, giving them the opportunity to bring new insights and information to light and contribute to the world’s well-being. The University of Michigan is delighted to welcome you back to campus and proud to present to you the honorary degree, Doctor of Science.
Charles Woodson

*Doctor of Laws*

Charles Woodson, one of America’s most celebrated gridiron stars, is the founder of the Charles Woodson Foundation and an ESPN sports analyst. Mr. Woodson played 34 straight games for the University of Michigan, where he majored in sports management and communications from 1995 to 1997. As a junior, he led the Wolverines to a national football championship and became the first defensive player and the third U-M player to win the Heisman Trophy. Born in Fremont, Ohio, Mr. Woodson played varsity football at Fremont’s Ross High School and, as a senior, was named Ohio Player of the Year. Among other honors garnered while at Michigan, he was named the Bronko Nagurski National Defensive Player of the Year and received the Jim Thorpe Award, recognizing him as the top defensive back in the nation. Mr. Woodson declared his eligibility for the National Football League (NFL) draft following his junior year and enjoyed a successful 18-season career, starting and ending with the Oakland Raiders. In 1998, he was named the NFL Defensive Rookie of the Year. He played seven years with the Green Bay Packers, including when the team won Super Bowl XLV in 2010. In 2014, he became the first NFL player to log 50 interceptions and 20 sacks in a career. Winner of the NFL Art Rooney Sportsmanship Award for his fair play, integrity in competition, and respect for opponents, Mr. Woodson retired in 2015 and joined ESPN in 2016. He also is co-owner of Charles Woodson Wines. While playing in Oakland, he became intrigued with the complexities of wine making and partnered with one of the industry’s preeminent winemakers, Gustavo A. Gonzalez, to create the first barrel of Charles Woodson Wines, and now produces and bottles vintage merlots, some of which he donates to charity fundraisers. His compassion for others led him to establish the Charles Woodson Foundation, which, since 2008, has provided multiple scholarships to promising Michigan students. He created the need-based Charles C. Woodson Scholarship in the School of Kinesiology and the Georgia A. Woodson Scholarship Fund in the Office of Financial Aid in honor of his mother. In 2010, his financial support helped fund the construction of C.S. Mott Children’s and Von Voigtlander Women’s Hospitals, where the lobby is named in his honor. In addition to volunteering and participating in Michigan Medicine fundraising events, he created the Charles Woodson Clinical Research Fund, which supports teams of clinicians and researchers tackling pediatric medicine’s most challenging conditions, including autism, cancer, childhood obesity, concussions, congenital cardiovascular disease, diabetes, and sickle cell disease. The University recognized his generosity with the first Mott Champions for Children Award in 2011 and the 2012 David B. Hermelin Volunteer Fundraising Award. He also received a U-M Bicentennial Alumni Award in 2017.

Mr. Woodson, you exemplify the winning qualities indelibly linked to U-M’s 1997 national football championship team—mind, goal, purpose, and heart—and forever will rank among Michigan’s great sports legends. In addition to celebrating your athletic prowess, leadership, and sportsmanship, we applaud your business acumen and commitment to improving the lives of others through your generous support of medical research and student financial aid. The University of Michigan is pleased to welcome you back to campus and proudly presents to you the honorary degree, Doctor of Laws.
STUDENT SPEAKERS

Jad Elharake
Senior, College of Literature, Science, and the Arts

Jad Elharake of Dearborn, Michigan, majored in biopsychology, cognition, and neuroscience. Born in Beirut, Lebanon, he immigrated to the United States at age seven, and, in 2014, became a William Brehm Scholar and first in his family to attend college. He has been involved in medical research throughout his undergraduate career and currently is assessing the intersectionality of race, gender, and depression among medical interns. He is a co-founder and member of the Islamophobia Working Group and an undergraduate adviser for the Arab Student Association and PILOT, a U-M leadership development organization. Winner of a Martin Luther King, Jr. Spirit Award, he is applying to medical school and working next year on health disparity and access issues at Michigan Medicine’s Office for Health Equity and Inclusion.

Nadine Jawad
Senior, Gerald R. Ford School of Public Policy

Nadine Jawad of Dearborn Heights, Michigan, a first-generation college student and the daughter of a Lebanese immigrant, has served Central Student Government as vice president and in other roles. She also has led nonpartisan student voter registration campaigns and worked to elevate Arab and Muslim communities, including uplifting the voices of Palestinian students. She is founding executive director of Books for a Benefit, which has collected and distributed more than 50,000 gently used books in resource-limited communities in southeast Michigan. She received a Martin Luther King, Jr. Spirit Award and a Harry S. Truman Scholarship. This fall, as a Rhodes Scholar, she embarks on a M.B.A. and public policy program at the University of Oxford. She plans to pursue a career in international emergency medicine.

Sara Lebow
Senior, College of Literature, Science, and the Arts

Sara Lebow of West Hartford, Connecticut, the first student to declare a gender and health major in the Women’s Studies Department, minored in medical anthropology in the Honors Program. For several years, she has written for and edited The Every Three Weekly, a tri-weekly student publication that satirizes campus, national, and international events. As president of the student organization Voice Your Vote, she spearheaded voter registration drives and helped create policies that make it easier for students to register. As a U-M Museum of Natural History docent, she has presented programs about prehistoric life and other topics to thousands of museum visitors. In August, she joins the healthcare software firm Epic Systems in Madison, Wisconsin. Eventually, she would like to become a comedy writer.

Alexandria “Alex” Swift
Senior, Stephen M. Ross School of Business

Alexandria Swift of Southfield, Michigan, is passionate about exploring the intersections between education and technology, inclusion, and social justice. She is a resident adviser in the Multicultural Housing Community at West Quadrangle and has worked for ResStaff for four years. She also has worked as a research assistant at U-M’s National Center for Institutional Diversity, as a Rev. Dr. Martin Luther King, Jr. Symposium intern, and as a seminar assistant/mentor for the Preparation Initiative, where she helps first- and second-year students apply and transition to the Ross School. She served as vice president of EnspireRED and production manager of the student group’s annual charity fashion show. She will join LinkedIn’s Business Leadership Program in July. Her long-term goal is to improve education through curriculum and classroom innovations.
The flags behind the platform are arranged in the order in which the schools and colleges they represent were founded. As the audience faces the flags, the arrangement from left to right is the following:

| College of Literature, Science, and the Arts | Faith Cole |
| Medical School | Martin Michael Gruca |
| Law School | Phillip K. Turner |
| School of Dentistry | Kaitlin R. Boe |
| College of Pharmacy | Phillip M. Rzeczycki |
| College of Engineering | Caitlyn Hines |
| Horace H. Rackham School of Graduate Studies | Johanna L. Heureaux-Torres |
| A. Alfred Taubman College of Architecture and Urban Planning | Rebecca E. Labov |
| School of Education | Charlie Held |
| Stephen M. Ross School of Business | Javonne M. Barrett |
| President’s flag | on stage |
| University flag | on stage |
| Regents’ flag | on stage |
| School for Environment and Sustainability | Natalie Gail Payer |
| School of Music, Theatre & Dance | Maxwell Morrison |
| School of Nursing | Rebecca Ann Singer |
| School of Public Health | Yongwen Zhuang |
| School of Social Work | Vina Hadyanto |
| University of Michigan-Flint | Marquetta Hall |
| University of Michigan-Dearborn | N’Kenge Gonzalez |
| School of Information | Sabine Anne Hutter |
| Penny W. Stamps School of Art & Design | Beth Reeck |
| School of Kinesiology | Ahad Amin Bootwala |
| Gerald R. Ford School of Public Policy | Gloriela Raquel Iguina-Colón |
**THE UNIVERSITY MACE**

The University’s mace, a symbol of authority, is carried at the head of academic processions on such important ceremonial occasions as commencements, convocations, and inaugurations. The mace being used today was given to the University in 1968 by the Senior Board, representing all the undergraduate schools and colleges. Crafted of red oak and trimmed with silver, the mace features the seals of the University and of the State of Michigan. Also engraved on the mace are the names of the University Presidents.

**ACADEMIC COLORS**

The colors of the various disciplines are as follows:

Architecture and Urban Planning  
Business Administration  
Dentistry  
Education  
Engineering  
Environment and Sustainability  
Fine Arts  
Information  
Kinesiology  
Law  
Literature and Arts  
Medicine  
Music  
Nursing  
Pharmacy  
Philosophy  
Public Health  
Public Policy  
Science  
Social Work

- blue violet  
- drab  
- lilac  
- light blue  
- orange  
- russet  
- brown  
- lemon  
- sage green  
- purple  
- white  
- green  
- pink  
- apricot  
- olive green  
- dark blue  
- salmon pink  
- peacock blue  
- golden yellow  
- citron

Mingled colors distinguish combined curriculums.
ACADEMIC DRESS AND CUSTOM

The colorful gowns and hoods worn by faculty members at commencement and other academic ceremonies represent the degrees, disciplines, and alma maters of the wearers. The American academic costume tradition, imported from England, dates to Colonial days.

**Gowns**

Bachelor’s or master’s degree gowns traditionally are black, as are many doctoral gowns in the United States. Some universities prescribe that their graduates wear gowns of another solid color such as blue, crimson, or green. Gowns differ in sleeve cut and trim. For example, the bachelor’s gown has long, pointed sleeves while the master’s gown has oblong sleeves. Doctoral gowns, with their distinctive bell-shaped sleeves, feature velvet panels down the front and around the neck, as well as crossbars of velvet on the sleeves. Colored trim denotes the field or discipline in which the degree was earned. Usually only a single degree from one institution is indicated by a garment. If more than one degree is held, the gown and hood of the higher or highest degree usually are worn.

**Hoods**

The hood most precisely describes the wearer’s level of degree earned, the major field of learning, and the alma mater. The level of the degree held is indicated by the hood’s shape and size and the width of its velvet or velveteen trimming. The bachelor’s, master’s, and doctor’s hoods are 36 inches, 42 inches, and 48 inches long, respectively. The velvet trim is two, three, and five inches wide, with the narrowest being for the bachelor’s hood and the widest for the doctor’s hood. The color of trim on the hood, as on the gown, identifies the major field of learning in which the degree was awarded. The hood is lined with the official colors of the college or university conferring the degree.

**Caps**

Caps vary in style from the traditional black mortarboard to eight-, six-, and four-corner tams, and Elizabethan-style caps. The mortarboard may be of any appropriate material, such as cotton, poplin, rayon, or silk, to match the gown. Velvet is reserved for holders of doctorates.
SCHOOLS AND COLLEGES OF THE UNIVERSITY

The order of presentation is by the year of founding.

**College of Literature, Science, and the Arts**
The College of Literature, Science, and the Arts, founded in 1841, was the first duly constituted college of the University of Michigan. Today, with more than 15,000 undergraduate and 2,000 graduate students, LSA is the largest of the University’s schools and colleges, and it is still the heart of the campus. Distinguished in the humanities since its earliest years, the college became preeminent in the natural sciences during the early 20th century and went on to become a world leader in social science research. The college has always been dedicated to providing a richly diverse liberal arts education that prepares students to lead fulfilling lives as responsible citizens within a wide range of professional careers.

**Medical School**
Since opening its doors in 1850, the Medical School has been a leader in medical education, patient care, and biomedical research. In addition to its professional doctor of medicine program, the Medical School offers master’s and doctoral degrees in the basic medical sciences. The school established the nation’s first university-owned and -operated teaching hospital and created the first departments of pharmacology and human genetics in the United States. It also played an important role in the development of the electrocardiogram and in the development of iodized salt as a goiter preventive. The Medical School was among the first major American medical schools to graduate women and African Americans; today there are more practicing M.D.s from the University of Michigan than from any other medical school in the United States.

**Law School**
Founded in 1859, the Law School awarded its first bachelor of laws degrees in 1860. In 1870, the school became the second in the nation to confer a law degree on an African American candidate and the first major law school to admit a woman. In 1871, one of the school’s graduates became the first woman with a law degree to be admitted to the bar. A national law school from its earliest years, the school’s graduates work in every state of the union and in more than 73 countries, in business, as practitioners and professors, as legislators and members of Congress, and as distinguished civil servants and members of the judiciary.

**School of Dentistry**
Established in 1875, the School of Dentistry first granted the professional degree, doctor of dental surgery, the following year. A national leader in the training of professional dentists and long active in oral and craniofacial research, the school offers the doctor of dental surgery, master’s degrees, and graduate clinical programs in several dental specialties and general dentistry. A doctoral degree is offered in oral health sciences and in an interdepartmental program in biomaterials. The School of Dentistry also offers baccalaureate and master’s programs in dental hygiene.

**College of Pharmacy**
Established as a department in 1868, Pharmacy became a college in 1876, the first in any university in the United States. Today, the college has an average annual enrollment of 260 doctor of pharmacy and 70 graduate students, and is consistently ranked among the top pharmacy schools in the nation. The college offers the doctor of pharmacy degree; baccalaureate programs in medicinal chemistry and pharmaceutical sciences; and doctor of philosophy programs in medicinal chemistry, pharmaceutical sciences, and social and administrative sciences. Major areas of research include the biological, chemical, clinical, genomic, economic, and social aspects of drugs and therapeutic agents.
College of Engineering

Instruction began with a class in civil engineering in 1854. Historically, the College of Engineering has been a leader in establishing departments in emerging fields, including metallurgical engineering, naval architecture and marine engineering, electrical engineering, chemical engineering, aeronautical engineering, nuclear engineering, and computer engineering. Today, the college and its 60,000 alumni provide leadership in various technologies, healthcare, business, and the sciences, improving the quality of people’s lives around the world.

Horace H. Rackham School of Graduate Studies

The Horace H. Rackham School of Graduate Studies oversees and coordinates graduate education, bringing together graduate students and faculty from across the institution to experience and take full advantage of the University as a scholarly community. The University awarded its first master of arts degree in 1849, first master of science degree in 1859, and first doctor of philosophy degree in 1876. Organized as a department in 1892, the School of Graduate Studies became an autonomous unit in 1913. In 1935, a generous gift from Horace H. and Mary A. Rackham included the site and construction of the Rackham Building for graduate studies and a substantial endowment for carrying on graduate work and research.

A. Alfred Taubman College of Architecture and Urban Planning

Michigan offered its first courses in architecture in 1876. The program became a department in 1913, and by 1931, the College of Architecture was established as a separate entity. During the 1940s, the college was one of the few schools in the country to consider research a necessary part of architectural education, and in 1946 it became the first to introduce a graduate program in urban planning. The college offers master of architecture, master of urban planning, and master of urban design degrees; bachelor of science and master of science degrees in architecture; and doctoral programs in architecture and in urban and regional planning. In 1999, the college was named in honor of A. Alfred Taubman, founder and chairman of The Taubman Company, Inc., and a longtime friend, supporter, and adviser to the college.

School of Education

The School of Education was founded in 1921, 42 years after the University established the first chair in any United States collegiate institution devoted to the “science and art of teaching.” The school prepares students for professional careers in teaching and administration, and offers advanced training for researchers and practitioners at all levels of education. Teacher diplomas were first offered in 1874; the first master’s degree in education was conferred in 1891, the first Ph.D. in 1902, and the first Ed.D. in 1938.

Stephen M. Ross School of Business

Building on faculty and course offerings that began in the latter part of the 19th century, the school was formally established in 1924. Today, at all levels of instruction—bachelor’s, master’s, doctoral, and executive education—its programs rank in the top five among American institutions. Each year nearly 1,000 new School of Business graduates enter careers as business professionals and teacher-scholars, joining the approximately 37,000 who already serve in leadership positions in business, government, and academic institutions throughout the world.

School for Environment and Sustainability

The clear-cutting of Michigan’s densely forested wilderness was well under way when the University of Michigan began offering courses in forestry in 1881—the first university in the United States to do so. The year 1903 saw the creation of a Department of Forestry, forerunner of today’s School for Environment and Sustainability (SEAS). The school’s students and faculty organized the famous 1970 Teach-In on the Environment (the prototype of Earth Day), and incubated the scholarly disciplines of Environmental Justice, Environmental Education, and Environmental Informatics. From its inception as a forestry school to the interdisciplinary institution it is today, SEAS has always prepared leaders to understand and solve the major environmental challenges of the era.
**School of Music, Theatre & Dance**

Consistently ranked among the top performing arts schools in the nation, and one of the oldest, the School of Music, Theatre & Dance is committed to creating an environment of educational and artistic excellence, nurturing creativity, academic integrity, and professionalism in its students and faculty. With degrees offered at the bachelor's, master's, and doctoral levels, the School is deeply engaged in the creation, practice, scholarship, and pedagogy of music, theatre, and dance. It fosters a spirit of social responsibility and principled entrepreneurship, and serves the community and State of Michigan through public performances, cultural resources, arts education, and outreach programs.

**School of Nursing**

The University of Michigan School of Nursing (UMSN) is an international leader in the advancement of nursing knowledge and strategies to improve health care. In addition to the four-year BSN program and the second career in nursing program, UMSN has a robust offering of graduate programs. Students are prepared to be leaders in advanced clinical practice through our M.S.N. and post-baccalaureate Doctorate of Nursing Practice (DNP) programs. Students can also lead and effect change through the M.S.N. or post-masters DNP programs in systems, populations and leadership. UMSN’s prestigious Ph.D. and postdoctoral programs prepare nurse scientists to develop the knowledge necessary to support and advance nursing practice.

**School of Public Health**

Founded in 1941 and ranked among the country's top public health schools, the University of Michigan School of Public Health educates more than 1,000 graduate and undergraduate students each year. With over 170 faculty and researchers across six departments and numerous collaborative centers and institutes, the school brings interdisciplinary, innovative solutions to complex health challenges, including chronic and infectious diseases, obesity and food insecurity, health care quality and cost, climate change and environmental factors, and socioeconomic inequalities and their impact on health. Compassion, innovation, and inclusion drive the faculty, staff, students, and 15,000 alumni of Michigan Public Health to pursue positive change and lasting impact on the health of the world.

**School of Social Work**

The program in social work began in 1921, and was granted the status of a school in 1951. Faculty maintain high research productivity while teaching an innovative curriculum. At the master's level, the school prepares professional practitioners for work with individuals, children and their families, the aged, organizations, and communities. Students may focus their studies in the fields of substance abuse, mental health, education, child welfare, program evaluation, and public policy. The joint doctoral program in social work and social science is one of a kind and prepares students for academic and research careers. Graduates of both programs are found in leadership positions around the world. The School of Social Work consistently ranks as one of the best in the nation.

**School of Information**

A formal program began in 1926, when the Department of Library Science was created in the College of Literature, Science, and the Arts. In 1948, offerings became entirely graduate and a doctoral program was inaugurated. Establishment of an independent school, committed to the interdisciplinary study of information and library principles, came in 1969. In response to the rapid change brought on by present technology, the school broadened significantly further in the 1990s. It now pursues a highly interdisciplinary approach to educate professionals who will serve as leaders in the information age. Recognizing this broader mission, the school was renamed the School of Information in 1996.
The Penny W. Stamps School of Art & Design traces its history at the University to visual arts education in the late 19th century, awarding its first degree in 1960, and becoming a University of Michigan school in 1974. In 2002, the school launched a unique curriculum that prompted the National Association of Schools of Art and Design to report, "The School of Art & Design and the University of Michigan have created an opportunity to lead the academic conversation in art and design in this country." The school prepares graduates for a broad range of creative professions through its undergraduate and graduate programs. Commitment to the integration of art and design, community engagement, international experience, connections to the academic resources of the University, interdisciplinary pursuit, and public presentation of creative work are required of all majors.

Kinesiology has been part of the University of Michigan curriculum since the turn of the 20th century and joined the ranks for the schools and colleges as an independent unit in 1984. Concentrations have the common thread of human movement and span a wide range including movement science, physical education, sport management, and athletic training. Kinesiology prepares undergraduates for careers as diverse as medicine and physical therapy to athletic administration, marketing, and law. Master's and doctoral students expand their opportunities in higher education, research, health care, public health or medicine, business, and law.

The School of Public Policy prepares graduates for distinguished careers in policy analysis and management, and promotes improved public policy through research. Its curriculum combines rigorous grounding in contemporary social science, opportunities to develop expertise in a variety of policy domains, and practical experience. Graduates work in government and the private and nonprofit sectors, using their knowledge, judgment, and new ideas to solve social problems, both domestic and international. The school traces its history to the Institute of Public Administration, established in 1914 as one of the first programs in municipal administration in the United States. In 1999, the regents approved the naming of the school in honor of Gerald R. Ford, the 38th President of the United States and a 1935 graduate of the University.
CANDIDATES FOR DEGREES AND CERTIFICATES

The following is a list of the candidates for degrees to be granted upon completion of formal requirements. A candidate is listed alphabetically by degree, and in some cases also by field of specialization, under the school or college that awards the degree. In this program, candidates are presented in the order of which their respective schools or colleges were founded.

The Executive Board of the Horace H. Rackham School of Graduate Studies awards doctoral, master’s, and some graduate professional degrees (e.g., master of public policy, master of urban planning), although most graduate professional degrees, such as doctor of medicine, master of social work, etc., are awarded by the respective schools or colleges. The Graduate School does not offer course work, and advanced studies are conducted within the school or college of a candidate’s area of specialization.

This program presents as complete and accurate a record of candidates for degrees as is possible as of the publication date.
HORACE H. RACKHAM SCHOOL OF GRADUATE STUDIES
Founded in 1912, Michael J. Solomon, Interim Dean and Vice Provost for Academic Affairs—Graduate Studies

Candidates for degrees granted April 27, 2018

Doctor of Musical Arts

Shuying Li, Field of Specialization: Music Composition. Dissertation: Out Came the Sun.

Doctor of Philosophy

Nattapol Arunrattanamook, Field of Specialization: Chemical Engineering. Dissertation: Mechanistic Investigations of a Novel Flavin-dependent Enzyme Involved in Styrene Biosynthesis.

Meredith Savary Billings, Field of Specialization: Higher Education. Dissertation: Free College For All: The Impact Of Promise Programs On College Access And Success.
Doctor of Philosophy

Amy Lynn Bondy, Field of Specialization: Chemistry. Dissertation: Single Particle Microscopic and Spectroscopic Chemical Analysis of Primary and Secondary Aerosols.

Andrew Robert Burton, Field of Specialization: Civil Engineering. Dissertation: System Integration of Flexible and Multifunctional Thin Film Sensors for Structural Health Monitoring.

Xi Chen, Field of Specialization: Molecular and Integrative Physiology. Dissertation: The Role of Sorcin in Excitation-Contraction Coupling in Normal and Diseased Hearts.

Joooh Chung, Field of Specialization: Cellular and Molecular Biology. Dissertation: Cellular and Molecular Analysis of Notch Signaling in T Cells after Allogeneic Bone Marrow Transplantation.

Ming Dang, Field of Specialization: Macromolecular Science and Engineering. Dissertation: Biomimetic Approaches for Bone Tissue Engineering.

Doctor of Philosophy

Kelly Feng, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: Post-Translational Regulation of Autophagy in Saccharomyces Cerevisiae.

Margaret Brooks Fish, Field of Specialization: Chemical Engineering. Dissertation: Optimizing the Physical Properties of Vascular Targeted Carriers for Maximum Efficacy in Inflammatory Disease.

Doctor of Philosophy

Kevin John Fries, Field of Specialization: Civil Engineering. Dissertation: Fusing Large Datasets and Models to Improve Understanding of Hydrologic and Hydraulic Processes.

Jacob Benjamin Geri, Field of Specialization: Chemistry. Dissertation: Bond Activation by Unconventional Lewis Pairs.

Laurie Beth Griffin, Field of Specialization: Cellular and Molecular Biology. Dissertation: Expansion of the Allelic, Locus, and Clinical Heterogeneity of Aminoacyl-tRNA Synthetase-Associated Diseases Implicates Impaired Enzyme Function as the Pathogenic Mechanism.

Ye Guan, Field of Specialization: Chemistry. Dissertation: A Robust and Tunable Mitotic Oscillator in Artificial Cells.

Heidi M. Gyyer, Field of Specialization: Epidemiological Science. Dissertation: Chronic Sleep Disturbances, Type II Diabetes and Dietary Intake; an Assessment of Gender-Based Differences.

Ada Kendra Hagan, Field of Specialization: Microbiology and Immunology. Dissertation: Inside or Out: Characterizing petrobactin use by Bacillus anthracis.

Scott J. Hall, Field of Specialization: Aerospace Engineering. Dissertation: Characterization of a 100-kW Class Nested-Channel Hall Thruster.

Johanna Lucia Heureaux-Torres, Field of Specialization: Mechanical Engineering. Dissertation: Bacterial Mechanosensitive Channel of Large Conductance (MscL) in Mammalian Cells for Novel Mechanobiology Applications.
Doctor of Philosophy

Adeline Hong, Field of Specialization: Biomedical Engineering. Dissertation: Development and Applications of Advanced Ultrasound Techniques for Characterization and Stimulation of Engineered Tissues.

Elizabeth Bachrach Hutton, Field of Specialization: English and Education. Dissertation: Textual Transactions: Recontextualizing Louise Rosenblatt's Transactional Theory for the College Writing Classroom.

Dong Ik Kang, Field of Specialization: Economics. Dissertation: Three Essays on the Macroeconomic Consequences of Prices.

Doctor of Philosophy

Ramya Kumar, Field of Specialization: Chemical Engineering. Dissertation: Directing Interfacial Events Using Biomimetic Polymer Brushes.

Kayoung Lee, Field of Specialization: Nursing. Dissertation: Risk Factors for Falls in Community-Dwelling Older Adults with Heart Failure.

Albert K. Liang, Field of Specialization: Biomedical Engineering. Dissertation: Investigation of the Performance of Photon Counting Arrays Based on Polycrystalline Silicon Thin-Film Transistors.

Jing-Ping Lin, Field of Specialization: Cell and Developmental Biology. Dissertation: Dynamic Memristors: from Devices to Applications.

Katharine McCarey Loughney, Field of Specialization: Earth and Environmental Sciences. Dissertation: Paleo-environments and Taphonomy of the Middle Miocene Barstow Formation, Mojave Desert, California.

Doctor of Philosophy

Paige Ann Malec, Field of Specialization: Chemistry. Dissertation: Derivatization Methods for Improved Metabolome Analysis by LC-MS/MS.

Benjamin Clark Marchi, Field of Specialization: Mechanical Engineering. Dissertation: Soft Tissue Constitutive Forms and Their Implications for Whole Knee Computational Models.

John Thomas McCrone IV, Field of Specialization: Microbiology and Immunology. Dissertation: Influenza Virus Evolution Within and Between Human Hosts.

Olivia Lauren McGovern, Field of Specialization: Microbiology and Immunology. Dissertation: Endocytic Trafficking in Toxoplasma Gondii.

Kiel Michael McQueen, Field of Specialization: Educational Studies. Dissertation: Promoting Instructional Improvement: Promising Evidence of Coaching That Benefits Teachers’ Practice.

Jillian Peterson Mortimer, Field of Specialization: Educational Studies. Dissertation: Pre-Service Teachers’ Understandings and Interpretations of the Common Core State Standards for Mathematical Practice.

Doctor of Philosophy

Elisabeth Anne Pedersen, Field of Specialization: Molecular and Cellular Pathology. Dissertation: The Function of Wnt/beta-catenin Signaling in Ewing Sarcoma and its Contribution to Pathogenesis.

Sonja Robinson, Field of Specialization: Epidemiological Science. Dissertation: Nutrition in Middle Childhood and Externalizing and Internalizing Problems in Adolescence: Results from the Bogota School Children Cohort.

Caitlin Rodriguez, Field of Specialization: Neuroscience. Dissertation: The Role of Upstream Open Reading Frames in Regulating Neuronal Protein Synthesis.

Mary Jeisme Morgan Rogawski, Field of Specialization: Molecular and Cellular Pathology. Dissertation: Regulation of ATM and CKD2 Kinases by the MRN Complex in DNA Damage Signaling and Cell Cycle Checkpoint Control.

Kathleen Ropella Panagis, Field of Specialization: Biomedical Engineering. Dissertation: Methods for Improving MRI-Based Conductivity Mapping.

Johnny Jim Saldate, Jr., Field of Specialization: Neuroscience. Dissertation: Tomosyn-1 is a Novel Molecular Target of the Ubiquitin-Proteasome System and Underlies Synaptic Architecture.

Doctor of Philosophy

Aric J. Schultz, Field of Specialization: Microbiology and Immunology. Dissertation: An Analysis of LCAT in Regards to Egress in Toxoplasma gondii.

Chang Yup Seo, Field of Specialization: Chemical Engineering. Dissertation: Facile Synthesis of Pd-Based Core@Shell Catalysts for Improved Stability and Activity.

Jianrui Song, Field of Specialization: Cell and Developmental Biology. Dissertation: Myeloid IL4R in Cardiovascular Remodeling.

Jessica Lee Stachowski, Field of Specialization: Chemistry. Dissertation: Investigation of Cytochrome P450 Enzymes as Biocatalysts for Multifunctional C-H Oxidation; and a Case Study of a Graduate/Undergraduate Laboratory Exchange Program.

Sophina Horne Taitano, Field of Specialization: Immunology. Dissertation: Role of TH2 Cytokines in Regulatory B Cell Biology.

Doctor of Philosophy

Hung-An Ting, Field of Specialization: Molecular and Cellular Pathology. Dissertation: Notch Ligand Delta-like 4 (Dll4) Induces Epigenetic Mechanism in Regulatory T Cell Function During Pulmonary Viral Infection.

Gonzalo Vazquez Bare, Field of Specialization: Economics. Dissertation: Analysis of Spillover Effects in Randomized Experiments.

Ryan Wade, Field of Specialization: Health Behavior And Health Education. Dissertation: Racialized Sexual Discrimination (RSD) and Psychological Wellbeing Among Young Black Gay/Bisexual Men (YGBGM).

Joshua Logan Wall, Field of Specialization: English Language and Literature. Dissertation: Covenantal Poetics: Jewish, Irish, and African American Modernisms Beyond the Lyric.

Rachel Leah Wallace, Field of Specialization: Chemistry. Dissertation: Folate Binding Protein as a Therapeutic Natural Nanotechnology.

Stephanie Eileen Wiitala, Field of Specialization: Biomedical Engineering. Dissertation: Traditional and Non-Traditional Inputs to the Vestibular System.

Zhiyuan Yao, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: Molecular Mechanism and Regulation of Autophagy in Saccharomyces cerevisiae.

Thomas D. Zaikos, Field of Specialization: Microbiology and Immunology. Dissertation: Characterization and Elimination of the HIV Reservoir.

YunQi Zhang, Field of Specialization: Computer Science and Engineering. Dissertation: Architecting Data Centers for High Efficiency and Low Latency.

Zhengkang Zhang, Field of Specialization: Physics. Dissertation: Effective Field Theory Approaches to Particle Physics Beyond the Standard Model.

Weizhong Zou, Field of Specialization: Chemical Engineering. Dissertation: Exploiting Polymer Theory to Simulate the Rheology of Micellar Solutions and Polymer Glasses.

SCHOOL OF MUSIC, THEATRE & DANCE

Master of Music

Conducting: Orchestral
Tal Benatar
Jotaro Nakano

Improvisation
Dominic Bierenga
Sunghin Lee
Marcus Elliot Miller

Music Education
Vincent Anthony Inendino

Performance: Cello
So Young Jang
Pedro Ricardo Sánchez Mijares
Kelsee Vandervall
Kamyron Miles Smith Williams

Performance: Clarinet
James Thomas Campbell
Catherine Heiba
Katelyn LaPrairie
Nicholas Alexander Hale Thompson

Performance: Double Bass
Cindy Wei Xin

Performance: Fortepiano
David Belkovski

Performance: Harp
Celisa Christine Gutierrez
Kristin Celene Quint

Performance: Oboe
Aaron L. Robinson

Performance: Organ
Sarah Beth Simko

Performance: Percussion
Aaron James Covey
Anthony Michael DeMartinis
Griffin Moore Harvey
Jonathan Mashburn

Performance: Piano
David Belkovski
Carrie Chen
Joonghun Cho
Minji Kim
Yu-Hsien Lin
Weiwei Xu
Hanyan Zheng

Performance: Saxophone
Erik Steven Anundson
Sean Alexander Meyers
Anthony Michael Wyatt, Jr.

Performance: Trombone
Zongxi Li
Austin John Muusse

Performance: Trumpet
Michelle Elizabeth Riechers

Performance: Tuba
Jonathan Jones
Evan Joseph Zegiel

Performance: Viola
Hee Won Joseph Chung

Performance: Violin
Anna Natalia Berntson
Nathaniel Charles Cornel
Reuben Kebede
Bram Kaspar Margoles
Clayton Penrose-Whitmore
Chase Andrew Ward

Performance: Voice
Micaela Stark Aldridge
Rachel Samantha Barg
Mahari Allene Marie Conston
Dorian Dillard II
Elise Marie Eden
Michael Gerard Floriano
Camron Eugene Gray
Helen Mary Stewart Hass
Tanner David Hoertz
Kayleigh Anne Jardine
Yazid T. Pierce-Gray
Kevin Starnes
Madeline Paul Thibault
Christopher A. Wolf

Piano Performance and Pedagogy
Alissa Marie Freeman

Specialist of Music

Performance: Cello
Wesley Anne Hornpetrie

Performance: Clarinet
Danny Mui

Performance: Flute
Maria Fernanda Castillo Rodriguez

Performance: Trumpet
Kyle Anthony Mallari

Performance: Viola
Hsuan Lee

Performance: Violin
John Bian
Tobiah Murphy

Recommended jointly by the school faculty and the Executive Board of the Graduate School

Dear Graduate:

On behalf of the Alumni Association of the University of Michigan, congratulations on your momentous achievement.

You may be leaving the University of Michigan, but the ties that bind alumni—across the miles and the years—are strong and enduring. Whether you are on the other side of the country or the other side of the world, you are part of something greater than yourself. You are now part of a community of more than 575,000+ Michigan alumni in 180 countries across the globe.

The Alumni Association is your connection to U-M. As a graduation gift, we give you a complimentary one-year membership to help you maintain the bonds you’ve created over the course of your time on campus. Use it to remind yourself of the place that you hail from, the place that has shaped you into the person you are today. Visit umalumni.com to keep the spirit of U-M close and connect to the powerful global network of U-M alumni.

So as you toss your mortarboard to the sky and venture out into the world, celebrate all that you have achieved, and remember that, with us, you are never far from the University of Michigan.

Again, our congratulations and very best wishes for your future.

Sincerely,

Ellen Agress, ’68
Chair of the Board of Directors
Alumni Association of the University of Michigan

Steve Grafton
President and CEO
Alumni Association of the University of Michigan

Contact us at springcommencement@umich.edu with comments or inquiries about lost and found items.

Entry to the field is for graduates and commencement staff only.

At the end of the ceremony, graduates and families are directed to exit up the aisles onto the concourse. To reduce congestion on the concourse, we ask you to exit the stadium and then join your graduate or family.
Statement on Freedom of Speech and Artistic Expression

Thank you for attending this program. The University of Michigan strives to create a truly open forum, one in which diverse opinions can be expressed and heard.

It is the right of members of the University community, speakers, artists, and other invited guests to express their views and opinions at the University. We will protect the right of individuals to speak or perform, and the rights of those members of the University community who wish to hear and communicate with an invited speaker or artist.

Protesters also have a right to express their opposition to a speaker in appropriate ways, both within the confines of this building and outside the facility. However, protesters must not interfere unduly with communication between a speaker or artist and members of the audience.

If the hosts of this event or University representatives believe that protesters are interfering unduly with a speaker or performer’s freedom of expression, those protesters will be warned. If the warnings are not heeded and the interference continues, then the individuals responsible may be removed from the building.

We reaffirm these policies in order to most fully protect the rights of free expression for speakers, performers, and protesters alike, as set forth by our Civil Liberties Board in our Student Handbook, and in accordance with the U-M Standard Practice Guide; Regents’ Ordinance Article XII, Section 1; and state statutes.

Nondiscrimination Policy Statement

The University of Michigan, as an equal opportunity/affirmative action employer, complies with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University of Michigan is committed to a policy of equal opportunity for all persons and does not discriminate on the basis of race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, height, weight, or veteran status in employment, educational programs and activities, and admissions. Inquiries or complaints may be addressed to the Senior Director for Institutional Equity, and Title IX/Section 504/ADA Coordinator, Office for Institutional Equity, 2072 Administrative Services Building, Ann Arbor, Michigan 48109-1432, 734-763-0235, TTY 734-647-1388, institutional.equity@umich.edu. For other University of Michigan information call 734-764-1817.
