the champions of the West!
Candidates for graduate degrees are recommended jointly by the Executive Board of the Horace H. Rackham School of Graduate Studies and the faculty of the school or college awarding the degree. Following the School of Graduate Studies, schools are listed in order of their founding. Candidates within those schools are listed by degree then by specialization, if applicable.

Horace H. Rackham School of Graduate Studies .....................................................................................................22
College of Literature, Science, and the Arts ..............................................................................................................28
Medical School ........................................................................................................................................................33
Law School ..............................................................................................................................................................33
School of Dentistry ................................................................................................................................................34
College of Pharmacy ..............................................................................................................................................34
College of Engineering .......................................................................................................................................35
A. Alfred Taubman College of Architecture and Urban Planning .................................................................39
School of Education ..............................................................................................................................................39
Stephen M. Ross School of Business ....................................................................................................................40
School of Natural Resources and Environment ..................................................................................................40
School of Music, Theatre & Dance .........................................................................................................................41
School of Nursing .................................................................................................................................................42
School of Public Health .....................................................................................................................................43
School of Social Work .........................................................................................................................................43
University of Michigan-Flint .................................................................................................................................45
University of Michigan-Dearborn ..........................................................................................................................51
School of Information ..........................................................................................................................................57
Penny W. Stamps School of Art & Design ................................................................................................................58
School of Kinesiology ..........................................................................................................................................58
Gerald R. Ford School of Public Policy ..................................................................................................................59

A list of August 2016 degree recipients begins on page 61.

This program presents as complete and accurate a record of candidates for degrees as is possible as of the publication date.
ORDER OF EXERCISES

*Processional  
Crown Imperial  
Composed by Sir William Walton  
The University of Michigan Commencement Band  
Courtney Snyder  
Conductor

*The National Anthem  
The Star Spangled Banner  
Janel Speelman  
Soloist  
Master's Candidate, School of Music, Theatre & Dance

Welcome and Introductions  
Martha E. Pollack  
Provost and Executive Vice President for Academic Affairs

Greetings from the Faculty  
William Schultz  
Chair, Senate Advisory Committee on University Affairs

Remarks on Behalf of the Students  
William Royster  
Senior, College of Literature, Science, and the Arts

Musical Selections  
Kwangena Thina Bo  
Xhosa Traditional Folk Song

The University  
Composed by Jerry H. Bilik and Hazen J. Schumacher  
The University of Michigan Men's Glee Club  
Eugene C. Rogers  
Director

Statement to the Class of 2016  
Mark S. Schlissel  
President

Conferring of Honorary Degrees  
Mark S. Schlissel  
Ronald Levin Carter  
Doctor of Music

Maxine Frankel  
Doctor of Fine Arts

Julio Frenk  
Doctor of Laws

Michael M. E. Johns  
Doctor of Science
**Commencement Address**
Julio Frenk, M.D.
*President, University of Miami and University of Michigan alumnus*

**Presentation and Hooding**
**of Doctoral Candidates**
in the Horace H. Rackham
School of Graduate Studies
Carol A. Fierke
*Dean, Horace H. Rackham School of Graduate Studies and Vice Provost for Academic Affairs—Graduate Studies*

**Recognition of Baccalaureate,**
**Master’s, and Other Degrees**
in Course
Mark S. Schlissel and Deans of the schools and colleges
(by year of founding)

**Congratulations**
Ralph Johnson
*Chair of the Board of Directors, Alumni Association*

**Closing**
Martha E. Pollack

**The Alma Mater**
*The Yellow and Blue*
*Composed by Michael W. Balfe*
The University of Michigan Commencement Band and the Audience
(see words on back cover)

**The Victors**
*Composed by Louis Elbel*
The University of Michigan Commencement Band and the Audience
(see words on back cover)

**Recessional**
*Proud Heritage*
*Composed by William Latham*
The University of Michigan Commencement Band

*Those who are able are asked to stand for the portions of the program asterisked (*). At the conclusion of the program, the audience will please remain standing until the platform party has left the arena. This program will last approximately two hours.*

*Professor of Electrical Engineering and Computer Science*  
*College of Engineering*  
*Assistant Chief Marshal*

Leigh A. Woods  
*Professor of Theatre and Drama*  
*School of Music, Theatre & Dance*  
*Assistant Chief Marshal*

HONORARY DEGREE HOODERS

William Schultz  
*Professor of Mechanical Engineering*  
*Professor of Naval Architecture and Marine Engineering*  
*College of Engineering*  
*Chair, Senate Advisory Committee on University Affairs*

David D. Wright  
*Associate Professor of Accounting*  
*Stephen M. Ross School of Business*  
*Vice Chair, Senate Advisory Committee on University Affairs*
DISSERTATION CHAIRS

Doctoral dissertation research is conducted in consultation with a committee of faculty members selected by the candidate. The dissertation chair leads the committee and works closely with the student to guide the research. This collaboration is a fundamental relationship in the formation of scholars and so it is fitting that dissertation chairs of the doctoral graduates be asked to attend the ceremony and hood their students.

*Doctor of Music*

Ron Carter, legendary jazz double bassist and Distinguished Professor Emeritus of Music at the City College of New York, is a renowned musician, composer, bandleader, and educator. An esteemed faculty member in jazz bass and jazz studies at City College for two decades, he currently teaches in the jazz studies program at The Juilliard School. Born in Ferndale, Michigan, Professor Carter grew up in Detroit. He performed with the Ann Arbor Youth Symphony, graduated from Detroit’s Cass Technical High School as a classical performer on cello and bass, and earned a Bachelor of Music degree (1959) from the Eastman School of Music and a Master of Music in double bass (1961) from the Manhattan Conservatory of Music. The Guinness World Records recognized him in 2016 as the most recorded jazz bassist in history. His more than 2,200 recording credits include seminal work with Eric Dolphy, Freddie Hubbard, McCoy Tyner, Thelonious Monk, Cannonball Adderley, Lena Horne, and B.B. King, as well as 25 recordings with the acclaimed Miles Davis Quintet.

In addition to performing at the world’s most prestigious concert halls and jazz festivals, including as artist-in-residence at the 2016 Detroit Jazz Festival, he has composed, scored, and arranged music for film, including *The Passion of Beatrice* (1987) and *Blind Faith* (1998), the television drama *A Gathering of Old Men* (1987), and “What is New Orleans?” (2011), an episode from the Home Box Office series *Treme*. He has written and recorded 136 songs and continues to arrange for his trio, quartet, and nonet. He invented the piccolo bass and has authored a series of books, including *Building Jazz Bass Lines* (1974, 1998), *Ron Carter Comprehensive Bass Method* (1977, 2016), and *Ron Carter Bass Solos: Transcribed from 22 Classic Standards* (2010).

Professor Carter devotes considerable energy to lecturing, conducting and performing at master classes, and sharing valuable lessons about the business of music with young artists. He led the Thelonious Monk Institute of Jazz Studies and serves on the Jazz Foundation of America advisory committee, where he works to support elderly jazz musicians, including Hurricane Katrina survivors. Professor Carter is a National Endowment for the Arts Jazz Master and has garnered many other accolades, including a Grammy Award as a member of the Miles Davis Tribute Band for best jazz instrumental group in 1993 and another Grammy in 1998 for the instrumental composition “Call Sheet Blues” from the film *Round Midnight* (1986). He received the Eastman School’s Hutchinson Award, the Austrian Cross of Honor for Science and Art, France’s Commander of the Order of Arts and Letters medallion, and the Donostiako Jazzaldia Award at the San Sebastian Jazz Festival in Spain. He is a member of the DownBeat Jazz Hall of Fame and recipient of the 2016 Mid Atlantic Arts Foundation BNY (Bank of New York) Mellon Jazz Living Legacy Award.

Professor Carter, as one of the world’s preeminent bassists, you have collaborated with America’s most outstanding musicians and enthralled millions with your performances and discography. An exacting teacher and mentor, you have profoundly influenced the field of jazz studies and performance more broadly by inspiring generations of musicians to follow your example of lifelong learning, openness to innovation, and commitment to the highest musical standards. The University of Michigan proudly presents to you the honorary degree, Doctor of Music.
HONORARY DEGREE RECIPIENT

Maxine Frankel
Doctor of Fine Arts

Philanthropist, patron of the arts, and University of Michigan alumna Maxine Frankel strives to make the visual and performing arts accessible to as many people as possible. Her passionate support for the arts is fueled by her belief that exposure to art and music expands minds and enriches lives by sparking fresh ways of seeing, hearing, and thinking, and is integral to a well-rounded education. A native Detroiter, Mrs. Frankel attended classes on U-M’s Ann Arbor campus from 1961 to 1964 and earned a Bachelor of Arts degree (1966) from U-M Dearborn. In 1964, she and her husband Stuart, president of the Stuart Frankel Development Co., moved to New York City, where she explored galleries, museums, and the theater. In 1999, they established the Maxine and Stuart Frankel Foundation for Art and the Maxine and Stuart Frankel Charitable Foundation. The Frankels support the visual and performing arts in a variety of ways. Pieces from their renowned art collection of 20th and 21st century works by more than 450 artists are loaned to museums worldwide. In the early 2000s, the Frankels were the catalyst for a major Cranbrook Art Museum renovation. She chaired the Cranbrook Academy of Art and Art Museum Board of Governors for more than a decade and continues to serve on that board and the Cranbrook Educational Community Board of Trustees. In 2006, they made a lead gift to the University of Michigan Museum of Art (UMMA) to build a 53,000 square-foot addition, providing an auditorium, space for contemporary art exhibitions, classes, and art restoration. Mrs. Frankel also serves on the UMMA National Leadership Council. In the performing arts, the Frankels have commissioned works by several contemporary classical music composers and have been pivotal in initiating and supporting the University Musical Society (UMS) Renegade Series, bringing cutting edge performances to the region. Mrs. Frankel serves on the UMS National Council and co-chairs UMS fundraising for the Victors for Michigan Campaign. She co-chaired the Michigan Difference National Campaign Leadership Committee, which helped raise $3.2 billion from 2002 to 2008, and currently serves on the President’s Advisory Group and U-M’s Bicentennial Advisory Committee. She also has supported the U-M Health System, where her father was an alumnus. Additionally, she is a member of the Boards of the Noguchi Museum and Socrates Sculpture Park in New York City and Trustee Emerita of Independent Curators International. Among other honors, Mrs. Frankel received U-M’s David B. Hermelin Award for Fundraising Volunteer Leadership in 2009, delivered the School of Music, Theatre & Dance commencement address in 2011, and was awarded an honorary degree by the Cranbrook Academy of Art in 2015. The Frankels also received the ArtServe Michigan Governor’s Awards for Arts & Culture Civic Leader Award and the National Art Education Association Distinguished Service (Outside the Profession) Award.

Mrs. Frankel, your passion for the visual and performing arts and desire to enrich the lives of others through engaging cultural opportunities make you a tremendous asset to the University, Southeast Michigan, and the world as you pursue new ways to bring the arts to larger audiences. Also an exemplary alumna, you give generously of your time and resources to support U-M’s educational and cultural missions. The University of Michigan is proud to award you the honorary degree, Doctor of Fine Arts.
Julio Frenk, University of Miami president, renowned global health leader, policy maker, and University of Michigan alumnus, is a fourth-generation physician whose paternal grandparents fled Germany in the 1930s for a new life in Mexico. Dr. Frenk’s gratitude for the kindness of strangers has inspired him to improve well-being, reduce poverty, and spread knowledge around the world. Born in Mexico City, Dr. Frenk earned a Doctor of Medicine degree from the National University of Mexico (1979) and a Master of Public Health (1981), a Master of Arts in sociology (1982), and a joint Doctor of Philosophy in medical care organization and sociology (1983) from U-M. A pragmatic idealist renowned for bold innovations, he was founding director of the Center of Public Health Research in Mexico’s Ministry of Health and of the National Institute of Public Health of Mexico. In 1998, he joined the World Health Organization, where he led efforts to develop a scientific foundation for health policy to achieve better outcomes. As Mexico’s minister of health from 2000 to 2006, Dr. Frenk reformed the country’s health system and introduced Seguro Popular, a comprehensive universal insurance program that extended health care coverage to 50 million people. He also played a lead role in designing and implementing the Oportunidades program, which provides cash payments to families in exchange for regular school attendance, health clinic visits, and nutritional support. Dr. Frenk served as a senior fellow at the Bill & Melinda Gates Foundation, president of the Carso Health Institute in Mexico City, and is founding chair of the board of the Institute for Health Metrics and Evaluation at the University of Washington. Dr. Frenk led the Harvard T.H. Chan School of Public Health for six years as the school’s dean, where he also was the T & G Angelopoulos Professor of Public Health and International Development. In his first year as president of the University of Miami, he has spearheaded efforts to more closely integrate the university’s health system and to advance scholarship, education innovation, and research impact across the university. He is the prolific author of 28 books and monographs, more than 150 journal articles, and two best-selling children’s novels about human physiology. He also co-edited a collection of essays titled *To Save Humanity: What Matters Most for a Healthy Future* (2015). A loyal and engaged Michigan alumnus, Dr. Frenk helped the School of Public Health develop and launch its global health curriculum and has lectured at the school on many occasions. He is a member of numerous professional associations, including the American Academy of Arts and Sciences, the U.S. National Academy of Medicine, and the National Academy of Medicine of Mexico. Among other honors, Dr. Frenk received the Clinton Global Citizen Award for changing “the way practitioners and policy makers across the world think about health.”

Dr. Frenk, through your visionary leadership in academia, government, international organizations, and nonprofits, you have charted new and more equitable directions for health care globally and enhanced the quality of life for millions. Your achievements, commitment to the common good, and public service exemplify the finest qualities of a U-M education and mark you as one of the most influential health leaders of our time. The University of Michigan proudly presents to you the honorary degree, Doctor of Laws.
Michael M. E. Johns

Doctor of Science

Michael Johns, Emory University executive vice president for health affairs emeritus and professor at the Emory School of Medicine and Rollins School of Public Health, is internationally recognized for the administrative leadership and vision he brings to large, complex health care organizations. The University of Michigan alumnus, a respected surgeon specializing in head and neck cancers, is also an innovator in medical education and a champion of health care system reform. The Detroit native earned a Bachelor of Science degree in biology (1964) from Wayne State University and a Doctor of Medicine with distinction (1969) from the U-M Medical School, where he completed an otolaryngology internship and residency in 1975. He was a member of the U.S. Army Medical Corps and assistant chief of the Walter Reed Army Medical Center Otolaryngology Service before joining the University of Virginia Medical Center faculty in 1977. Recruited by the Johns Hopkins School of Medicine as professor and chair of the Department of Otolaryngology-Head and Neck Surgery in 1984, he went on to serve as medical school dean and vice president of the Johns Hopkins University medical faculty from 1990 to 1996. He initiated major curriculum reforms and a model technology transfer program, among other advances. Dr. Johns was appointed Emory University’s executive vice president for health affairs and chief executive officer of the Robert W. Woodruff Health Sciences Center in 1996 and served as Emory’s chancellor from 2007 to 2012. An inspiring mentor and role model, he helps others excel. He also is a loyal Michigan alumnus. Dr. Johns served on the Medical Center Alumni Society Visiting Committee and provided critical leadership as U-M’s interim executive vice president for medical affairs from June 2014 to February 2015. He frequently works with government policymakers on topics ranging from the future of health professions education to national health system reform. He has published 195 research papers and other articles and book chapters and co-authored *Predictive Health: How We Can Reinvent Medicine to Extend Our Best Years* (2012). Nationally, Dr. Johns edited the *Archives of Otolaryngology* for many years and this year completes his 24th year on the *Journal of the American Medical Association* editorial board. He chaired the American Board of Otolaryngology and American Association of Medical College (AAMC) Council of Teaching Hospitals and the AAMC Institute for the Improvement of Medical Education advisory board. He also served as vice chair of the Institute of Medicine (IOM) Council, chaired the IOM’s committee on resident work hours and patient safety and has served on many other boards. Dr. Johns is an American Association for the Advancement of Science fellow and received, among other honors, the U-M Medical Center Alumni Society Distinguished Achievement Award in 2006 and Castle Connelly National Physician of the Year Award for Lifetime Achievement in 2015.

Dr. Johns, in an extraordinary career as a surgeon, leader in academic medicine, and catalyst for innovative thinking about health care policy, you have engaged fellow physicians, administrators, and policymakers in your sustained efforts to improve the education of doctors and other health professionals, health care delivery, and, ultimately, the lives of our nation’s citizens. In recognition of your exemplary leadership and selfless service, the University of Michigan is proud to present to you the honorary degree, Doctor of Science.
UNIVERSITY FLAGS AND FLAG BEARERS

The flags behind the platform are arranged in the order in which the schools and colleges they represent were founded. As the audience faces the flags, the arrangement from left to right is the following:

College of Literature, Science, and the Arts
Ebere Oparaeke

Medical School
Eleanor Reimer

Law School
Samuel E. Nuxoll

School of Dentistry
Delana Alexandra Marie Cook

College of Pharmacy
(not represented)

College of Engineering
Cornell Dale Young

Horace H. Rackham School of Graduate Studies
Derek Stafford

A. Alfred Taubman College of Architecture and Urban Planning
(not represented)

School of Education
Sheleen K. Sahi

President’s flag
on stage

University flag
on stage

Regents’ flag
on stage

School of Natural Resources and Environment
Julie C. Jarvey

School of Music, Theatre & Dance
Allison Prost

School of Nursing
Justine Marie Ciaravino

School of Public Health
Elizabeth M. Levin-Sparenberg

School of Social Work
Emily Klueh

University of Michigan-Flint
Aaron R. Gardner

University of Michigan-Dearborn
Allison Wilke

School of Information
Amy Elizabeth Eiben

Penny W. Stamps School of Art & Design
(not represented)

School of Kinesiology
Natalie Norton

Gerald R. Ford School of Public Policy
Shana Toor
THE UNIVERSITY MACE

The University’s mace, a symbol of authority, is carried at the head of academic processions on such important ceremonial occasions as commencements, convocations, and inaugurations. The mace being used today was given to the University in 1968 by the Senior Board, representing all the undergraduate schools and colleges. Crafted of red oak and trimmed with silver, the mace features the seals of the University and of the State of Michigan. Also engraved on the mace are the names of the University Presidents.

ACADEMIC COLORS

The colors of the various disciplines are as follows:

Architecture and Urban Planning  blue violet  
Business Administration  drab  
Dentistry  lilac  
Education  light blue  
Engineering  orange  
Fine Arts  brown  
Information  lemon  
Kinesiology  sage green  
Law  purple  
Literature and Arts  white  
Medicine  green  
Music  pink  
Natural Resources and Environment  russet  
Nursing  apricot  
Pharmacy  olive green  
Philosophy  dark blue  
Public Health  salmon pink  
Public Policy  peacock blue  
Science  golden yellow  
Social Work  citron  

Mingled colors distinguish combined curriculums.
ACADEMIC DRESS AND CUSTOM

The colorful gowns and hoods worn by faculty members at commencement and other academic ceremonies represent the degrees, disciplines, and alma maters of the wearers. The American academic costume tradition, imported from England, dates to Colonial days.

Gowns

Bachelor’s or master’s degree gowns traditionally are black, as are many doctoral gowns in the United States. Some universities prescribe that their graduates wear gowns of another solid color such as blue, crimson, or green. Gowns differ in sleeve cut and trim. For example, the bachelor’s gown has long, pointed sleeves while the master’s gown has oblong sleeves. Doctoral gowns, with their distinctive bell-shaped sleeves, feature velvet panels down the front and around the neck, as well as crossbars of velvet on the sleeves. Colored trim denotes the field or discipline in which the degree was earned. Usually only a single degree from one institution is indicated by a garment. If more than one degree is held, the gown and hood of the higher or highest degree usually are worn.

Hoods

The hood most precisely describes the wearer’s level of degree earned, the major field of learning, and the alma mater. The level of the degree held is indicated by the hood’s shape and size and the width of its velvet or velveteen trimming. The bachelor’s, master’s, and doctor’s hoods are 36 inches, 42 inches, and 48 inches long, respectively. The velvet trim is two, three, and five inches wide, with the narrowest being for the bachelor’s hood and the widest for the doctor’s hood. The color of trim on the hood, as on the gown, identifies the major field of learning in which the degree was awarded. The hood is lined with the official colors of the college or university conferring the degree.

Caps

Caps vary in style from the traditional black mortarboard to eight-, six-, and four-corner tams, and Elizabethan-style caps. The mortarboard may be of any appropriate material, such as cotton, poplin, rayon, or silk, to match the gown. Velvet is reserved for holders of doctorates.
SCHOOLS AND COLLEGES OF THE UNIVERSITY

The order of presentation is by the year of founding.

**College of Literature, Science, and the Arts**
The College of Literature, Science, and the Arts, founded in 1841, was the first duly constituted college of the University of Michigan. Today, with more than 15,000 undergraduate and 2,000 graduate students, LSA is the largest of the University’s schools and colleges, and it is still the heart of the campus. Distinguished in the humanities since its earliest years, the college became preeminent in the natural sciences during the early 20th century and went on to become a world leader in social science research. The college has always been dedicated to providing a richly diverse liberal arts education that prepares students to lead fulfilling lives as responsible citizens within a wide range of professional careers.

**Medical School**
Since opening its doors in 1850, the Medical School has been a leader in medical education, patient care, and biomedical research. In addition to its professional doctor of medicine program, the Medical School offers master’s and doctoral degrees in the basic medical sciences. The school established the nation’s first university-owned and -operated teaching hospital and created the first departments of pharmacology and human genetics in the United States. It also played an important role in the development of the electrocardiogram and in the development of iodized salt as a goiter preventive. The Medical School was among the first major American medical schools to graduate women and African Americans; today there are more practicing M.D.s from the University of Michigan than from any other medical school in the United States.

**Law School**
Founded in 1859, the Law School awarded its first bachelor of laws degrees in 1860. In 1870, the school became the second in the nation to confer a law degree on an African American candidate and the first major law school to admit a woman. In 1871, one of the school’s graduates became the first woman with a law degree to be admitted to the bar. A national law school from its earliest years, the school’s graduates work in every state of the union and in more than 73 countries, in business, as practitioners and professors, as legislators and members of Congress, and as distinguished civil servants and members of the judiciary.

**School of Dentistry**
Established in 1875, the School of Dentistry first granted the professional degree, doctor of dental surgery, the following year. A national leader in the training of professional dentists and long active in oral and craniofacial research, the school offers the doctor of dental surgery, master’s degrees, and graduate clinical programs in several dental specialties and general dentistry. A doctoral degree is offered in oral health sciences and in an interdepartmental program in biomaterials. The School of Dentistry also offers baccalaureate and master’s programs in dental hygiene.

**College of Pharmacy**
Established as a department in 1868, Pharmacy became a college in 1876, the first in any university in the United States. Today, the college has an average annual enrollment of 260 doctor of pharmacy and 70 graduate students, and is consistently ranked among the top pharmacy schools in the nation. The college offers the doctor of pharmacy degree; baccalaureate programs in medicinal chemistry and pharmaceutical sciences; and doctor of philosophy programs in medicinal chemistry, pharmaceutical sciences, and social and administrative sciences. Major areas of research include the biological, chemical, clinical, genomic, economic, and social aspects of drugs and therapeutic agents.
College of Engineering

Instruction began with a class in civil engineering in 1854. Historically, the College of Engineering has been a leader in establishing departments in emerging fields, including metallurgical engineering, naval architecture and marine engineering, electrical engineering, chemical engineering, aeronautical engineering, nuclear engineering, and computer engineering. Today, the college and its 60,000 alumni provide leadership in various technologies, healthcare, business, and the sciences, improving the quality of people's lives around the world.

Horace H. Rackham School of Graduate Studies

The Horace H. Rackham School of Graduate Studies oversees and coordinates graduate education, bringing together graduate students and faculty from across the institution to experience and take full advantage of the University as a scholarly community. The University awarded its first master of arts degree in 1849, first master of science degree in 1859, and first doctor of philosophy degree in 1876. Organized as a department in 1892, the School of Graduate Studies became an autonomous unit in 1913. In 1935, a generous gift from Horace H. and Mary A. Rackham included the site and construction of the Rackham Building for graduate studies and a substantial endowment for carrying on graduate work and research.

A. Alfred Taubman College of Architecture and Urban Planning

Michigan offered its first courses in architecture in 1876. The program became a department in 1913, and by 1931, the College of Architecture was established as a separate entity. During the 1940s, the college was one of the few schools in the country to consider research a necessary part of architectural education, and in 1946 it became the first to introduce a graduate program in urban planning. The college offers master of architecture, master of urban planning, and master of urban design degrees; bachelor of science and master of science degrees in architecture; and doctoral programs in architecture and in urban and regional planning. In 1999, the college was named in honor of A. Alfred Taubman, founder and chairman of The Taubman Company, Inc., and a longtime friend, supporter, and adviser to the college.

School of Education

The School of Education was founded in 1921, 42 years after the University established the first chair in any United States collegiate institution devoted to the “science and art of teaching.” The school prepares students for professional careers in teaching and administration, and offers advanced training for researchers and practitioners at all levels of education. Teacher diplomas were first offered in 1874; the first master's degree in education was conferred in 1891, the first Ph.D. in 1902, and the first Ed.D. in 1938.

Stephen M. Ross School of Business

Building on faculty and course offerings that began in the latter part of the 19th century, the school was formally established in 1924. Today, at all levels of instruction—bachelor’s, master’s, doctoral, and executive education—its programs rank in the top five among American institutions. Each year nearly 1,000 new School of Business graduates enter careers as business professionals and teacher-scholars, joining the approximately 37,000 who already serve in leadership positions in business, government, and academic institutions throughout the world.

School of Natural Resources and Environment

The School of Natural Resources and Environment’s overarching objective is to contribute to the protection of the Earth’s resources and the achievement of a sustainable society. Through research, teaching, and outreach, faculty, staff, and students are devoted to generating new knowledge and developing policies, techniques, and skills to help practitioners manage and conserve natural resources to meet the full range of human needs on a sustainable basis. The school jointly administers the undergraduate Program in the Environment, and it offers master’s and doctoral programs in ecological, social, and design sciences.
School of Music, Theatre & Dance

Consistently ranked among the top performing arts schools in the nation, and one of the oldest, the School of Music, Theatre & Dance is committed to creating an environment of educational and artistic excellence, nurturing creativity, academic integrity, and professionalism in its students and faculty. With degrees offered at the bachelor’s, master’s, and doctoral levels, the School is deeply engaged in the creation, practice, scholarship, and pedagogy of music, theatre, and dance. It fosters a spirit of social responsibility and principled entrepreneurship, and serves the community and state of Michigan through public performances, cultural resources, arts education, and outreach programs.

School of Nursing

The School of Nursing has held an unsurpassed reputation of excellence for more than 100 years. It has been a national leader in the advancement of nursing knowledge and the promotion of new trends in health care. The School’s baccalaureate programs include a four-year B.S.N. program, a second career nursing program, and an R.N.-B.S.N. completion program. At the master’s level, the School of Nursing, through the Horace H. Rackham School of Graduate Studies, offers advanced study in clinical specialist, nurse practitioner, and management roles. The school’s prestigious Ph.D. and postdoctoral programs prepare nurse scientists to develop the knowledge necessary to support and advance nursing practice.

School of Public Health

The history of the School of Public Health dates back to 1881, when the first course in sanitary science was taught in the College of Literature, Science, and the Arts. Established in 1941, the school has awarded master of public health, master of science, master of health services administration, and doctor of public health degrees to more than 13,000 students. Doctor of philosophy programs were established in 1947 and now include concentrations in biostatistics, environmental health sciences, epidemiology, health behavior and health education, and health management and policy. Key areas of research include vaccine development, air and water quality, reproductive and women’s health, and health care costs, quality, and access.

School of Social Work

The program in social work began in 1921, and was granted the status of a school in 1951. Faculty maintain high research productivity while teaching an innovative curriculum. At the master’s level, the school prepares professional practitioners for work with individuals, children and their families, the aged, organizations, and communities. Students may focus their studies in the fields of substance abuse, mental health, education, child welfare, program evaluation, and public policy. The joint doctoral program in social work and social science is one of a kind and prepares students for academic and research careers. Graduates of both programs are found in leadership positions around the world. The School of Social Work consistently ranks as one of the best in the nation.

School of Information

A formal program began in 1926, when the Department of Library Science was created in the College of Literature, Science, and the Arts. In 1948, offerings became entirely graduate and a doctoral program was inaugurated. Establishment of an independent school, committed to the interdisciplinary study of information and library principles, came in 1969. In response to the rapid change brought on by present technology, the school broadened significantly further in the 1990s. It now pursues a highly interdisciplinary approach to educate professionals who will serve as leaders in the information age. Recognizing this broader mission, the school was renamed the School of Information in 1996.
Penny W. Stamps  
School of Art & Design  
The Penny W. Stamps School of Art & Design traces its history at the University to visual arts education in the late 19th century, awarding its first degree in 1960, and becoming a University of Michigan school in 1974. In 2002, the school launched a unique curriculum that prompted the National Association of Schools of Art and Design to report, “The School of Art & Design and the University of Michigan have created an opportunity to lead the academic conversation in art and design in this country.” The school prepares graduates for a broad range of creative professions through its undergraduate and graduate programs. Commitment to the integration of art and design, community engagement, international experience, connections to the academic resources of the University, interdisciplinary pursuit, and public presentation of creative work are required of all majors.

School of Kinesiology  
Kinesiology has been part of the University of Michigan curriculum since the turn of the 20th century and joined the ranks for the schools and colleges as an independent unit in 1984. Concentrations have the common thread of human movement and span a wide range including movement science, physical education, sport management, and athletic training. Kinesiology prepares undergraduates for careers as diverse as medicine and physical therapy to athletic administration, marketing, and law. Master’s and doctoral students expand their opportunities in higher education, research, health care, public health or medicine, business, and law.

Gerald R. Ford School of Public Policy  
The School of Public Policy prepares graduates for distinguished careers in policy analysis and management, and promotes improved public policy through research. Its curriculum combines rigorous grounding in contemporary social science, opportunities to develop expertise in a variety of policy domains, and practical experience. Graduates work in government and the private and nonprofit sectors, using their knowledge, judgment, and new ideas to solve social problems, both domestic and international. The school traces its history to the Institute of Public Administration, established in 1914 as one of the first programs in municipal administration in the United States. In 1999, the regents approved the naming of the school in honor of Gerald R. Ford, the 38th President of the United States and a 1935 graduate of the University.
The following is a list of the candidates for degrees to be granted upon completion of formal requirements. A candidate is listed alphabetically by degree, and in some cases also by field of specialization, under the school or college which awards the degree. In the commencement ceremony, candidates are presented in the order of which their respective schools or colleges were founded.

The Executive Board of the Horace H. Rackham School of Graduate Studies awards doctoral, master’s, and some graduate professional degrees (e.g., master of public policy, master of urban planning), although most graduate professional degrees, such as doctor of medicine, master of social work, etc., are awarded by the respective schools or colleges. The Graduate School does not offer course work, and advanced studies are conducted within the school or college of a candidate’s area of specialization.

This program presents as complete and accurate a record of candidates for degrees as is possible as of the publication date.
Doctor of Philosophy

Christie Anne Peterson Allen, Field of Specialization: English Language and Literature. Dissertation: The Informed Victorian Reader.

Omer Aydin, Field of Specialization: Biomedical Engineering. Dissertation: Development of Novel Nanomedicines for Treatment of Primary and Metastatic Prostate Cancer.

Laura Catherine Cesa, Field of Specialization: Chemical Biology. Dissertation: Strategies and Functional Consequences of Inhibiting Protein-Protein Interactions.

Etienne Eugene Charriere, Field of Specialization: Comparative Literature. Dissertation: "We Must Ourselves Write About Ourselves:" The Trans-Communal Rise of the Novel in the Late Ottoman Empire.

Rahul Datta, Field of Specialization: Physics. Dissertation: The First Multichroic Receiver and Results from ACTPol.

Doctor of Philosophy

Tara Dosumu Diener, Field of Specialization: Anthropology and History. Dissertation: A Hospital in Situ: Maternity Nursing Practice in Freetown since 1892.

Bryan Dunyak, Field of Specialization: Biological Chemistry. Dissertation: Peptidyl-Prolyl Isomerases as Promising Targets for Natural Product-Inspired Therapeutics.

Jeremy Golubcow-Teglasi, Field of Specialization: Educational Studies. Dissertation: “You Have to Have a Relationship First”: Student-teacher Relationships as a Focus of School Reform.

Nicole Renee Greer Golda, Field of Specialization: History and Women’s Studies. Dissertation: To Shape the Future of the Nation: Gender and Family Order in the Age of Americanization, 1890-1952.

Alexandra Nicole Hall-Ruiz, Field of Specialization: Psychology. Dissertation: Exploring the Wandering Mind in ADHD.

Amy Lee Han, Field of Specialization: Molecular and Cellular Pathology. Dissertation: Regulation of Bladder Cancer Invasion.

Annie Chamren Harmon, Field of Specialization: Health Behavior And Health Education. Dissertation: Expectations and Planning for Future Transportation-Related Mobility in Adults 55-84.

Emily Nicole Herbert, Field of Specialization: Civil Engineering. Dissertation: Development and Application of Self-Healing Engineered Cementitious Composites (ECC) for Durable and Sustainable Infrastructure.

Doctor of Philosophy

Dana Kathleen Jackman, Field of Specialization: Natural Resources and Environment. Dissertation: Three Essays on Cooperation in a Public Good Experiment.

Jacob Herbert Jordahl, Field of Specialization: Chemical Engineering. Dissertation: 3D Jet Writing - Controlled Deposition of Multicomponent Electrospun Fibers in Three Dimensional Space.

Scott Everett Kalafatis, Field of Specialization: Natural Resources and Environment. Dissertation: Colleagues, Competitors, Creators: City Governance Among Peers and Its Implications for Addressing Climate Change.

Alex R. Ketchum, Field of Specialization: Chemistry. Dissertation: The Preparation and Study of Lipophilic S-Nitrosothiols for Use in Improving the Biocompatibility of Medical Grade Polymers.

Rachel Jihyun Lee, Field of Specialization: Anthropology. Dissertation: Households Change and Social Complexity in Mumun Pottery Period Korea, 1500-500 B.C.

Elizabeth Marie Levin, Field of Specialization: Epidemiological Science. Dissertation: Molecular Epidemiology of Bordetella pertussis.

Che-Hung Liu, Field of Specialization: Electrical Engineering. Dissertation: Graphene Transistor Based Nanoelectronic and Nanophotonic Applications.

William D. Lopez, Field of Specialization: Health Behavior And Health Education. Dissertation: “If you hold my hand, no one will be able to take you away from me”: The Health Implications of an Immigration Raid on a Mixed-Status Latino community in Washtenaw County, Michigan.

Doctor of Philosophy

Meghan Elizabeth Martz, Field of Specialization: Psychology. Dissertation: Predators of Off-Diagonal Binge Drinking and Marijuana Use Trajectory Groups Through the Transition to Adulthood.

Francesca Minonne, Field of Specialization: Romance Languages and Literatures Italian. Dissertation: Between Italy and Argentina: Circular Accents in Contemporary Migration Literature.

Meghan Frances Moynihan, Field of Specialization: Nutritional Sciences. Dissertation: Role of Diet in Heavy Metal Exposure and Toxicity during Prenatal and Peripubertal Periods.

Kevin Patrick Mulholland, Field of Specialization: Asian Languages and Cultures. Dissertation: Twilight Reflections of Kyokutei Bakin (1767-1848): An Annotated Translation of “Chosakudo Kyusaku ryaku jihyo tekiyo”.

Doctor of Philosophy

Rebecca Ann Reed, Field of Specialization: Chemical Biology. Dissertation: Targeting Histone Chaperones Retinoblastoma Binding Proteins 4 and 7 for the Treatment of Triple Negative Breast Cancer (TNBC).

Sara Patricia Rimer, Field of Specialization: Environmental Engineering. Dissertation: Controlling Hazardous Releases While Protecting Passengers in Civil Infrastructure Systems.

Danielle Renae Rux, Field of Specialization: Cell and Developmental Biology. Dissertation: Hox11 function in Region-Specific Adult Mesenchymal Stem/Stromal Cells is Required for Fracture Repair.

Christopher Sifuentes, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: Regulation of Muller Glial Stem Cell Properties: Insights from a Zebrafish Model.

Tara Magnolia Smiley, Field of Specialization: Geology. Dissertation: Diversity Dynamics and Ecology of Small Mammals in Relation to the Neogene Tectonic and Climate History of Western North America.

Missy Stults, Field of Specialization: Urban and Regional Planning and Natural Resources and Environment. Dissertation: Planning to be Prepared: Assessing Local Level Planning for Climate Change in the United States.

Steven Tompson, Field of Specialization: Psychology. Dissertation: Understanding the Link Between Brain Activation, Choice, and Attitude Change for European Americans and East Asians.

Doctor of Philosophy

Elia Wright, Field of Specialization: Biological Chemistry. Dissertation: Elucidating the Potential Role of Protein Preylation in Bacterial Infection.

Danny TY Wu, Field of Specialization: Information. Dissertation: Methods to Facilitate the Capture, Use, and Reuse of Structured and Unstructured Clinical Data.

Brian Matthew Wyvratt, Field of Specialization: Chemical Engineering. Dissertation: Examination of Property-Reactivity Relationships of Early Transition Metal Carbides and Nitrides as Catalysts and Catalytic Supports.

Chia Chye Yee, Field of Specialization: Statistics. Dissertation: Topics in High-Dimensional Statistics and the Analysis of Large Hyperspectral Images.

Zapporah Tamar Young, Field of Specialization: Medicinal Chemistry. Dissertation: Chemical Modulators of Heat Shock Protein 70 (Hsp70) Validate this Molecular Chaperone as a Target for Tauopathy.

Xi Zhang, Field of Specialization: Biomedical Engineering. Dissertation: Noninvasive Thrombolysis using Microtripsy.

Yilan Zhang, Field of Specialization: Civil Engineering. Dissertation: Scalable Data Management and Data-Driven Analytics for Structural Condition Assessment using Structural Monitoring Data.

SCHOOL OF MUSIC, THEATRE & DANCE

Founded in 1940, Aaron P. Dworkin, Dean

Bachelor of Fine Arts

Musical Theatre
Joseph Sammour

Bachelor of Music

Music Education: Instrumental
Heather Grace Kendrick
Ingram Lee IV

Musicology
Cassidy Chey Goldblatt

Performance: Cello
Amy Catharine Miller

Performance: Double Bass
Eric Ross Ridenour

Performance: French Horn
Anna Elisabet Gilpatrick

Performance: Trombone
Matthew Alexander Laskowski
Ingram Lee IV

Performance: Violin
Cassidy Chey Goldblatt

Performance: Voice
Allison Lee Prost

Bachelor of Musical Arts

Performance: Voice
Samuel Meyer Cummins

Jayne Ellis Jaeger

Bachelor of Science

Sound Engineering
Alexander DeBliek Miller
SCHOOL OF MUSIC, THEATRE & DANCE

Master of Music

Chamber Music
Christi Lee Baker
Claire Goldman Nalven

Composition
Shu Zhou

Music Education
Eugene Bartley

Jeri Muehleise
Jessica Ann Nieuwkoop
Matthew Thomas Snell
Melinda Rowan Swanson
Megan Grace Landry Warzecha
Olivia Kaitlin Zang

Performance: Clarinet
Claire Goldman Nalven

Performance: Flute
Melissa Mashner

Performance: Trumpet
Christi Lee Baker

Performance: Voice
Janel Jody-Ann Speelman

SCHOOL OF NURSING

Founded in 1941, Patricia D. Hurn, Dean

Bachelor of Science in Nursing

Kaitlin Black
Justine Ciaravino

Natalie Gehrke
Ferdousi Hussain

Joan Park
Charis Woo

Master of Science in Nursing

Adult-Gerontology Acute Care Nurse Practitioner
Kimberly Ann Foley
Julie Lynn Snyder

HORACE H. RACKHAM SCHOOL OF GRADUATE STUDIES
Founded in 1912, Carol A. Fierke, Dean and Vice Provost for Academic Affairs–Graduate Studies

Doctor of Musical Arts

Cole Matthew Anderson, Field of Specialization: Music Performance.
Matthew Aaron Browne, Field of Specialization: Music Composition.
Horacio Constantino Contreras Espinoza, Field of Specialization: Music Performance.
Kipp Brown Cortez, Field of Specialization: Music Performance.
John Taylor Elam, Field of Specialization: Music Performance.
Ian Edward Greenlaw, Field of Specialization: Music Performance.
Patrick T. Harlin, Field of Specialization: Music Composition.
Alex Ryuta Hayashi, Field of Specialization: Music Performance.
Haotian He, Field of Specialization: Music Performance.
Hyae-Jin Hwang, Field of Specialization: Music Performance.
Haerim Lee, Field of Specialization: Music Performance.
Siyuan Li, Field of Specialization: Music Performance.
Amy Marie Petrongelli, Field of Specialization: Music Performance.
Nicholas John Shaneyfelt, Field of Specialization: Music Performance.
Adrian Teodor Slywotzky, Field of Specialization: Conducting (Orchestral).
Jonathan Dale Smith, Field of Specialization: Music Performance.
Azariah Peng Chay Tan, Field of Specialization: Music Performance.
Hyun Jung Won, Field of Specialization: Music Performance.
Fan Zhang, Field of Specialization: Music Performance.

Doctor of Philosophy

Elyse Louise Aurbach, Field of Specialization: Neuroscience. Dissertation: Coordinate and Region-Specific Roles for Fibroblast Growth Factors 2 and 9 as Molecular Organizers in Major Depression and Animal Models of Affective Disorders.
Seunghun Baek, Field of Specialization: Mechanical Engineering. Dissertation: Reduced-Order Models of Bladed Disks and Vane with Mistuning and Frictionally Constrained Ring Damper.
Nielson Baxter, Field of Specialization: Microbiology and Immunology. Dissertation: Microbiota-based Models Enhance Detection of Colorectal Cancer.

Mark Thomas Bolinger, Field of Specialization: Molecular and Integrative Physiology. Dissertation: Phosphorylation of the Tight Junction Protein Occludin Regulates Epithelial Monolayer Proliferation and Maturation.

Ivan Cangemi, Field of Specialization: Classical Art and Archaeology and Anthropology. Dissertation: A Scale-Free, Relational Approach to Social Development in Late-Prehistoric Tyrrhenian Central Italy.

Catherine Serena Cassel, Field of Specialization: English and Women’s Studies. Dissertation: Bugs After the Bomb: Insect Representations in Postatomic American Fiction and Film.

Michelle Krysa Cassidy, Field of Specialization: History. Dissertation: “Both the Honor and the Profit”: Anishinaabe Warriors, Soldiers, and Veterans from Pontiac’s War through the Civil War.

Meagan Anne Cauble, Field of Specialization: Chemistry. Dissertation: Nano and Micro Morphology of Type I Collagen as a Function of Disease and Drug Treatment.

Maria Choi, Field of Specialization: Aerospace Engineering. Dissertation: Improved Hall Thruster Plume Simulation by Including Magnetic Field Effects.

Amanda Catharine Cote, Field of Specialization: Communication. Dissertation: Changing the Core: Redefining Gaming Culture from a Female-Centered Perspective.

Thai Xuan Dam, Field of Specialization: Civil Engineering. Dissertation: Shear Strength and Behavior of Flat Slab Structures Reinforced With Headed Shear Studs.

Esther Alice Enright, Field of Specialization: Educational Studies and Higher Education. Dissertation: Teaching to “The Good Ones”? Examining the Relationship Between Inequity and the Practice of and Preparation for Postsecondary Mathematics Instruction.

Richard Pascal Fiorella, Field of Specialization: Geology. Dissertation: Understanding Hydrological Cycling at High Elevations and in Forest Canopies using Stable Water Isotopes.

Meghan Leigh Forbes, Field of Specialization: Slavic Language and Literature. Dissertation: In the Middle of It All: Prague, Brno, and the Avant-Garde Networks of Interwar Europe.

Christopher Michael Fraser, Field of Specialization: Mathematics. Dissertation: Correspondences Between Cluster Structures.

Jen-Pan Huang, Field of Specialization: Ecology and Evolutionary Biology. Dissertation: Species Delimitation and Diversification History in Rhinoceros Beetles: How Many and Why So Many Species?

Xiaoen Ju, Field of Specialization: Computer Science and Engineering. Dissertation: Efficient Large-Scale Graph Processing.

Rachel Karpman, Field of Specialization: Mathematics. Dissertation: Total Positivity and Network Parametrizations: From Type A to Type C.

Kelly Anne Kean, Field of Specialization: Nursing. Dissertation: Interpersonal Violence, C-Reactive Protein, and Heart Health: A Secondary Analysis of the SWAN Dataset.

Patricia Koman, Field of Specialization: Environmental Health Sciences. Dissertation: Associations of Long-term Particulate Matter and Ozone Air Pollution Exposures with Pulmonary Function: Does Excess Weight Increase Risk of Enhanced Decrement?

Colleen Monica Kuusinen, Field of Specialization: Education and Psychology. Dissertation: The Meaning and Measure of Teacher Self-Efficacy for Effective Classroom Teaching Practices.

Shirley Lee, Field of Specialization: Molecular and Cellular Pathology. Dissertation: Discovery, Development, and Evaluations of Human MLL1 Core Complex Inhibitors.

Chuan Leng, Field of Specialization: Chemistry. Dissertation: Molecular Mechanisms of Biodhesion, Bifouling, and Anti-Bifouling.

Zi Li, Field of Specialization: Chemistry. Dissertation: Manipulating Solubility and Dissolution through Multicomponent Crystallization.

Zhuing Li, Field of Specialization: Biostatistics. Dissertation: Bayesian Local Smoothing Modeling and Inference for Pre-surgical FMRI Data.

Ann Marie Macara, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: Mechanisms that Underlie Experience-dependent Assembly of Neural Circuits.

Jacob Mahoney, Field of Specialization: Pharmacology. Dissertation: Allosteric Control of Beta2-adrenergic Receptor Function.

Rebecca Jill Mandell, Field of Specialization: Health Behavior And Health Education. Dissertation: Intersections of Environmental and Reproductive Justice: Examining Social Movement Efforts to Protect Vulnerable Communities from Toxic Exposures Harmful to Reproductive Health.

Rebecca Manery, Field of Specialization: English and Education. Dissertation: The Education of the Creative Writing Teacher: A Study of Conceptions of Creative Writing Pedagogy in Higher Education.

Elizabeth Kittel Mann, Field of Specialization: Political Science. Dissertation: Presidential Policymaking at the State Level: Revision through Waivers.

Natalie Maricic, Field of Specialization: Microbiology and Immunology. Dissertation: Genetic and Structural Characterization of Pneumolancidin, a Broad Spectrum Inhibitory Lantibiotic, Produced by Streptococcus pneumoniae.

Seth Michael McCubbin, Field of Specialization: Biomedical Engineering. Dissertation: Effects of Therapeutic Concentrations of Tubulin-binding Drugs on Microtubule Dynamics.

Leslee Brooke McKnight, Field of Specialization: Political Science and Health Services Organization and Policy. Dissertation: Incarceration’s HIV Challenges and Opportunities: The Communal Health Impact of Incarcerating Individuals.

Anna Mester, Field of Specialization: Romance Languages and Literatures Spanish. Dissertation: Iberian Atlantic Imperial Carcerality: Vestiges of Colonial Disciplinary Violence in Cape Verde, Equatorial Guinea, and Mozambique.
Catherine Mocny, Field of Specialization: Chemistry. Dissertation: Examining the Metal Selectivity of Thiol Rich de Novo Designed Peptides as a Strategy to Make Asymmetric Alpha-helical Protein Assemblies.
Ibrahim Mohedas, Field of Specialization: Mechanical Engineering. Dissertation: Characterizing the Application of Design Ethnography Techniques to Improve Novice Human-Centered Design Processes.
Taejun Oh, Field of Specialization: Economics. Dissertation: Essays in Game Theory.
Ariana Orozco, Field of Specialization: Germanic Languages and Literatures. Dissertation: Memory in Contemporary German Prose by Jenny Erpenbeck and Judith Schalansky.
Dimitrios Pavlounis, Field of Specialization: Screen Arts and Cultures. Dissertation: Sound Evidence: An Archaeology of Audio Recording and Surveillance in Popular Film and Media.

Christopher Daniel Petersen, Field of Specialization: Aerospace Engineering. Dissertation: Advances in Underactuated Spacecraft Control.

Brandon Joseph Pitts, Field of Specialization: Industrial and Operations Engineering. Dissertation: Age-Related Differences in Multimodal Information Processing and Their Implications for Adaptive Display Design.

Ciara Reynes, Field of Specialization: Cellular and Molecular Biology. Dissertation: Characterizing a Novel Role for the Cytokinesis Scaffolding Protein Anillin in Regulating Cell-cell Junctions.

Chelsea Rule, Field of Specialization: Microbiology and Immunology. Dissertation: Structural and Functional Insights into the Type II Secretion System of Vibrio cholerae.

Karen Schroeder, Field of Specialization: Biomedical Engineering. Dissertation: Tactile Sensory Responses in Motor Cortex and Their Relevance to Brain-Machine Interfaces.

JoonOh Seo, Field of Specialization: Civil Engineering. Dissertation: Evaluation of Construction Workers' Physical Demands Through Computer Vision-Based Kinematic Data Collection and Analysis.

Rattima Sirihorachai, Field of Specialization: Nursing. Dissertation: Examining Interruptions in the Operating Room.

Daniel James Sobczynski, Field of Specialization: Chemical Engineering. Dissertation: The Impact of the Plasma Protein Corona on the Adhesion Efficiency of Drug Carriers to the Blood Vessel Wall.

Shiya Song, Field of Specialization: Bioinformatics. Dissertation: Demographic and Population Separation History Inference Based on Whole Genome Sequences.

Derek K. Stafford, Field of Specialization: Political Science. Dissertation: The Relationship Between Participation, Social Networks and Cooperation: How Social Networks Influence Voter Turnout through Mobilization and how both Networks and Turnout are Related to Cooperation.

Jessica Jean Stephens, Field of Specialization: Greek and Roman History. Dissertation: Aristocratic Identities in the Roman Senate from the Social War to the Flavian Dynasty.

Dan Sun, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: A Role for Protein Phosphatase 2A in the Proliferation-Quiescence Decision.

Allyson Tessin, Field of Specialization: Geology. Dissertation: Organic carbon burial under greenhouse climate conditions: The regional expression of the Late Cretaceous Oceanic Anoxic Event 3 within the Western Interior Seaway.

Christopher Tuck Mung Baker Tom, Field of Specialization: Chemical Biology. Dissertation: Chemical Tools to Interrogate Protein Sulfenylation by Fluorescence Microscopy and NMR.

Martin Vega, Field of Specialization: Romance Languages and Literatures Spanish. Dissertation: Mothers and Daughters at Imperial Crossroads: Expressions of Status, Economy and Nurture in 16th Century Mexico.

Joanna Lin Want, Field of Specialization: English and Education. Dissertation: Strangers at the Table: Student Veterans, Writing Pedagogy, and Hospitality in the College Composition Classroom.

Maria Victoria Wathen, Field of Specialization: Social Work and Sociology. Dissertation: Civic Culture Frameworks, Volunteerism, NGOs, & Glocalization: Implications for Social Services in Russia.

Richelle Marie Williams, Field of Specialization: Kinesiology. Dissertation: The Effects of Concussive and Sub-concussive Head Impacts on Brain Activity.

Hui Xu, Field of Specialization: Natural Resources and Environment. Dissertation: Balancing Ecological and Economic Objectives in Land Use and Management: Modeling to Identify Sustainable Spatial Patterns.

Zepeng Yao, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: Connectivity, Organization, and Network Coordination of the Drosophila Central Circadian Clock.

Chen Zhang, Field of Specialization: Molecular, Cellular and Developmental Biology. Dissertation: Regulation and Function of Directly Repressed Targets of Wnt Signaling in Drosophila.

Meng Zhang, Field of Specialization: Chemistry. Dissertation: Characterization on the Structure and Dynamics of Protein-Protein Complexes Between Cytochrome P450 and its Redox Partners.

Zhen Zhao, Field of Specialization: Nuclear Engineering and Radiological Sciences. Dissertation: Control of Synchrotron X-ray Emission from Laser Wakefield Accelerators.

## COLLEGE OF ARTS AND SCIENCES

### Bachelor of Applied Science
- Nicole B. Bonnell  
- Monique C. Chatelain  
- Toyah N. Epperson  
- Darragh S. Grier  
- Rebecca M. Haviland  
- Steven L. Moshier  
- Jessica M. Tonkovich  
- Ashley E. Willis

### Bachelor of Arts
- Nawaf I. Alrashodi  
- Margaret Bachler  
- Daniel H. Battles  
- Emily E. Bertossi  
- Genelle P. Bundle  
- Shannon M. Conover  
- Tedd Dooley  
- Hannah L. Foley  
- Ryan B. Garland  
- Khloe R. Girard  
- April A. Gist  
- Alissa Hall  
- Edward L. Harrell II  
- Holly M. Hiltz  
- Tera L. Hopkins  
- Amanda M. Jack  
- Gabriel R. Killion  
- Patricia M. Koroly  
- Jaron C. Lakey  
- Alicia A. Laurain  
- Laura E. Macko  
- Kyle J. Maziarz  
- Jessica M. McGrath  
- Mark A. Miller  
- Katelyn M. Mills  
- Owen W. Nash  
- Mitchell N. Neumann  
- Brittany A. Newland  
- Julia N. Norris  
- Alixendra K. Parkinson  
- Lauren C. Racine  
- Kevin C. Reed  
- Megan D. Reed  
- Rachel J. Reilly  
- Richard L. Russell, Jr.  
- Jason M. Sackett  
- Amanda M. Schwarzberg  
- Michelle L. Sproule  
- Megan E. St. George  
- Richard A. Superczynski  
- Taney C. Turner  
- Jamie L. VanDeWiele  
- Lauren B. Watkins  
- Samantha Winward-Maes  
- Ethan B. Zeigler

### Bachelor of Fine Arts
- Andrea J. Foley  
- Zhiqi Liu  
- Kathleen E. Sheldon

### Bachelor of Science
- Samantha A. Ballou  
- Deqresha D. Cox  
- Lexie M. Crisp  
- Matthew A. Davis  
- Krista M. Hughes  
- Amanda M. Kehoe  
- George E. Koskela  
- Eric R. Lopiccolo-Schmidt  
- Jacob B. Newsom  
- Maria E. Oakley  
- Theda K. Simmonds  
- Dalton E. Sink

### Bachelor of Science in Engineering
- Terence K. Staples, Jr.

### Master of Arts
- F. D. Beardslee  
- Shawil C. Daoud  
- Moaz O. Elazizi  
- Kelly A. Fields

### Master of Science
- Mahathi Akella

Dear Graduate:

On behalf of the Alumni Association of the University of Michigan, congratulations on your momentous achievement.

You may be leaving the University of Michigan, but the ties that bind alumni—across the miles and the years—are strong and enduring. Whether you are on the other side of the country or the other side of the world, you are part of something greater than yourself. You are now part of a community of more than 575,000+ Michigan alumni in 180 countries across the globe.

The Alumni Association is your connection to U-M. As a graduation gift, we give you a complimentary one-year membership to help you maintain the bonds you’ve created over the course of your time on campus. Use it to remind yourself of the place that you hail from, the place that has shaped you into the person you are today. Visit umalumni.com to keep the spirit of U-M close and connect to the powerful global network of U-M alumni.

So as you toss your mortarboard to the sky and venture out into the world, celebrate all that you have achieved, and remember that, with us, you are never far from the University of Michigan.

Again, our congratulations and very best wishes for your future.

Sincerely,

Ralph Johnson, MBA’92  
Chair of the Board of Directors  
Alumni Association of the University of Michigan

Steve Grafton  
President and CEO  
Alumni Association of the University of Michigan
The Yellow and Blue

Michael W. Balfe

Sing to the colors that float in the light; Hur-rah for the Yel-low and Blue! Yellow the stars as they ride thro' the night, And reel in a rol-lick-ing crew Yellow the fields where rip-ens the grain, And yel-low the moon on the har-vest wain; Hail! Hail to the colors that float in the light; Hur-rah for the Yel-low and Blue!

(Accessible drop-off via Michigan Stadium Gate 9)

STADIUM BLVD. IS CLOSED BETWEEN MAIN ST. AND KIPKE DR.
Statement on Freedom of Speech and Artistic Expression

Thank you for attending this program. The University of Michigan strives to create a truly open forum, one in which diverse opinions can be expressed and heard.

It is the right of members of the University community, speakers, artists, and other invited guests to express their views and opinions at the University. We will protect the right of individuals to speak or perform, and the rights of those members of the University community who wish to hear and communicate with an invited speaker or artist.

Protesters also have a right to express their opposition to a speaker in appropriate ways, both within the confines of this building and outside the facility. However, protesters must not interfere unduly with communication between a speaker or artist and members of the audience.

If the hosts of this event or University representatives believe that protesters are interfering unduly with a speaker or performer’s freedom of expression, those protesters will be warned. If the warnings are not heeded and the interference continues, then the individuals responsible may be removed from the building.

We reaffirm these policies in order to most fully protect the rights of free expression for speakers, performers, and protesters alike, as set forth by our Civil Liberties Board in our Student Handbook, and in accordance with the U-M Standard Practice Guide; Regents’ Ordinance Article XII, Section 1; and state statutes.

Nondiscrimination Policy Statement

The University of Michigan, as an equal opportunity/affirmative action employer, complies with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University of Michigan is committed to a policy of equal opportunity for all persons and does not discriminate on the basis of race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, height, weight, or veteran status in employment, educational programs and activities, and admissions. Inquiries or complaints may be addressed to the Senior Director for Institutional Equity, and Title IX/Section 504/ADA Coordinator, Office for Institutional Equity, 2072 Administrative Services Building, Ann Arbor, Michigan 48109-1432, 734-763-0235, TTY 734-647-1388, institutional.equity@umich.edu. For other University of Michigan information call 734-764-1817.

The Victors

Hail! to the victors valiant
Hail! to the conqu'ring heroes
Hail! Hail! to Michigan
the leaders and best
Hail! to the victors valiant
Hail! to the conqu'ring heroes
Hail! Hail! to Michigan
the champions of the West!

The Yellow and Blue

Sing to the colors that float in the light;
Hurrah for the Yellow and Blue!
Yellow the stars as they ride through the night
And reel in a rollicking crew;
Yellow the field where ripens the grain
And yellow the moon on the harvest wain;
Hail!
Hail to the colors that float in the light
Hurrah for the Yellow and Blue!
